Adobe Photoshop CS6 Book for Digital Photographers Grada Publishing a.s.
 If you're exploring a career in digital imaging or design, then you're likely to encounter Photoshop along the way--you probably already have. But how well do you know it? Understanding Adobe Photoshop: Digital Image Concepts and Techniques goes beyond the school newspaper or internship and teaches you the fundamental digital imaging techniques in Adobe Photoshop and Photoshop Elements that you'll need to

succeed both in the classroom and the workforce. While many Photoshop books focus on features, tools, or techniques, this book covers both the basics and delves into specific skills, tricks, and uses in multimedia. With a friendly style and interactive DVD-ROM, Richard Harrington covers digital imaging basics (correcting, editing, sharpening, retouching, and presenting photos) and shows you real-world projects and exercises, including: digital painting; designing a CD/DVD label, magazine cover, and advertisements; creating Web sites/animations; and more!

Adobe Photoshop for Textile Design (isbn# 9780972731775) was created as a textile design tutorial. In our book you will learn step by step techniques for creating color combinations, color reduction, repeats, tonal (watercolor) designs and simple woven effects for textiles. using Adobe Photoshop. With the book we also include a

CD with Color charts and practice images.

The book Adobe Photoshop for Textile Design is a collection of lessons that progress from simple everyday techniques and settings to more advanced techniques that will enable the designer to tackle the most challenging design work.

Everything is explained in a simple uniform manner so that nothing is overwhelming to the textile designer just learning computer aided design and so that the more experienced designer can grasp key concepts more quickly. Origin inc. is a textile design studio that uses Adobe Photoshop® for its designing exclusively. As with any design software there are many ways to achieve

the desired end effects. Our book "Adobe Photoshop for Textile Design" provides instructions on many tried and true textile design techniques that the Origin inc. design studio uses every day. Photoshop for Textile Design is self published by Origin inc. It's 219 pages of tutorials and is spiral bound for ease of use. As equally important as the book itself is the CD that's included with the book. It contains practice images that correspond to the lessons in the book. These include weaves, textile images to color reduce, bodies & objects to photo drape textiles on and 36 pages of color charts so that you can match colors accurately. More than just a tutorial

Adobe Photoshop for Textile Design is a complete learning system. Instructions are given for Adobe Photoshop CC (Creative Cloud) however this book will work well with Adobe Photoshop versions 7.0 through CS6.
