GOOD CESAR

Exciting Holiness Church Publishing, Inc. Contemporary worship music shapes the way evangelical Christians understand worship itself. Author Monique M. Ingalls argues that participatory worship music performances have brought into being new religious social constellations, or "modes of congregating". Through exploration of five of these modes--concert, conference, church, public, and networked congregations--Singing the Congregation reinvigorates the analytic categories of "congregation" and

"congregational music." Drawing from theoretical models in ethnomusicology and congregational studies, Singing the Congregation reconceives the congregation as a fluid, contingent social constellation that is actively performed into being through communal practice--in this case, the musically-structured participatory activity known as "worship." "Congregational music-making" is thereby recast as a practice capable of weaving together a religious community both inside and outside local institutional churches. Congregational music-making is not only a means of expressing local concerns and constituting the local religious community; it is also a powerful way to identify with

far-flung individuals, institutions, and networks that comprise this global religious community. The interactions among the congregations reveal widespread conflicts over religious authority, carrying far-ranging implications for how evangelicals position themselves relative to other groups in North America and beyond.

Do you ever feel like you're wandering in a wilderness alone? Are you searching for the same freedom the children of Israel sought, only to find oppression at every turn? Are you looking for a life filled with promise, only to be repeatedly disappointed? You are not alone. We are

all on a journey, from slavery to sin to the ultimate Promised Land in Heaven, where we will be free. Everything in between is a wilderness experience. Moses expounded on freedom in the wilderness. He explained exactly where to find it and how to get there. He clearly spoke to the Jew and the foreigner. The question is: Does He speak to the Christian as well? In her book *Finding Freedom*, Dr. Stundahl will wander through the wilderness of Deuteronomy and explore the Hebraic roots of Christianity. *Finding Freedom* reveals the concepts of the Torah, assembled in the same format in which they were studied by the Jewish communities since the Babylonian exile. These concepts include humility, idolatry, evil speech, teaching, learning, remembering and listening. The analysis of each portion of the Torah considers its applicability to the life of a Christian. As the history of Christianity and the Jewish elements of the Gospel are discovered, the shadows of Jesus Christ are revealed. Wherever you are in the wilderness of your life, you too can find the freedom intended just for you! Experience the reading, the writing, and the dance of the

Torah.

To Be a Christian Canterbury Press Fully revised and expanded, this new work is the first major revision of the liturgical calendar of the Episcopal Church in more than 40 years! It is the official revision of Lesser Feasts and Fasts and authorized by the 2009 General Convention. All commemorations in Lesser Feasts and Fasts have been retained, and many new ones added. Three scripture readings (instead of current two) are provided for all minor holy days. Additional new material includes a votive mass of the Blessed Virgin Mary, many more ecumenical commemorations, plus a proper for space exploration. For years the oft revised volume, Lesser Feasts and Fasts (LFF), has served parishes and individuals mark part of the holiness of each day by providing Scripture readings, a collect, a Eucharistic preface, and a narrative about those remembered on the church's calendar that day whose lives have witnessed to the grace of God. Holy Women, Holy Men (HWHM) is a major effort to revise, but also to expand and enrich LFF. Where LFF provided two readings (gospel and other New

Testament) plus a psalm, HWHM adds an Old Testament citation. Where LFF was limited to few non-Anglicans in the post-reformation period (and few non-Episcopalians after 1789), HWHM dramatically broadens appreciation for other Christians and their traditions. Over-emphasis on clergy is redressed by additional laity, males by females, and "in-church" activities by contributions well beyond the workings of institutional agendas. These almost daily commemorations occupy over 600 of the book's 785 pages, by far the lion's share of its content. Remaining sections address: principles of revision and guides for future revision; liturgical propers for seasons (Advent/Christmas, Lent, and Easter); and new propers for a miscellany of propers usable with individuals (or events) not officially listed in the formal calendar. Two cycles of propers for daily Eucharist are also included, one covering a six week period, the other a two year cycle. Conflicts of Devotion InterVarsity Press The Oxford History of Anglicanism is a major new and unprecedented international study of the identity and historical influence of one of the world's

largest versions of Christianity. This global study of Anglicanism from the sixteenth century looks at how was Anglican identity constructed and contested at various periods since the sixteenth century; and what was its historical influence during the past six centuries. It explores not just the ecclesiastical and theological aspects of global Anglicanism, but also the political, social, economic, and cultural influences of this form of Christianity that has been historically significant in western culture, and a burgeoning force in non-western societies today. The chapters are written by international experts in their various historical fields which includes the most recent research in their areas, as well as original research. The series forms an invaluable reference for both scholars and interested non-specialists. Volume two of *The Oxford History of Anglicanism* explores the period between 1662 and 1829 when its defining features were arguably its establishment status, which gave the Church of England a political and social position greater than before or since. The contributors explore the consequences for the Anglican Church of its establishment position and the effects

of being the established Church of an emerging global power. The volume examines the ways in which the Anglican Church engaged with Evangelicalism and the Enlightenment; outlines the constitutional position and main challenges and opportunities facing the Church; considers the Anglican Church in the regions and parts of the growing British Empire; and includes a number of thematic chapters assessing continuity and change.

Catechesis is an ancient practice of Christian disciple making that uses a simple question-and-answer format to instruct new believers and church

members in the core beliefs of Christianity. *To Be a Christian*, by J. I. Packer and a team of other Anglican leaders, was written to renew this oft-forgotten tradition for today's Christians. With over 360 questions and answers, plus Scripture references to support each teaching, this catechism covers the full range of Christian doctrine and life, drawing from the Apostles' Creed, the Lord's Prayer, the Ten Commandments, and other important doctrinal summaries. Clear, concise, and conversational, this resource was written for all believers who seek to be grounded more deeply in the truth of God's Word.

Lesser Feasts and Fasts has not been updated since 2006. This new edition, adopted at the 79th General Convention (resolution A065), fills that need. Biographies and collects associated with those included within the volume have been updated; a deliberate effort has been made to more closely balance the men and women represented within its pages. *The Anglican Way* Oxford University Press, USA

Biblical proclamation is central to Christian worship. The Bible witnesses to the foundational experiences of the Church. Its proclamation invites worshippers into encounter with Christ, the living Word. "The Bible in Worship" seeks to make visible how the Bible is encountered in the worship of mainstream Western churches. Focusing in turn on the Roman Catholic, Reformed and Anglican traditions, Victoria Raymer offers a detailed and lively consideration of the contemporary practices of proclamation in each, considers their respective patterns of reading the Bible as part of public worship, and reflects on the place the Bible takes in daily prayer. Raymer also draws our attention towards the role the psalms play in contemporary formal liturgy, and offers a chapter on how the Bible is weaved into less formal forms of worship, including contemporary sung worship. Offering a truly holistic study of the scripture in worship, the book will resource readers to reflect on how proclamation invites response in understanding and resolve, and to consider how it might do so more effectively.

A short introduction about Easter from the perspective of various religions, traditions and cultures, including Easter season, Easter bread, Easter eggs, greetings, etc. Easter is the most important religious holiday of the Christian liturgical year, observed in March, April, or May to celebrate the resurrection of Jesus, which Christians believe occurred after his death by crucifixion in AD 27-33 (see Good Friday). Easter can also refer to the season of the church year, lasting for fifty days, which follows this holiday and ends at Pentecost. The Easter festival is kept in many different ways among Western Christians. The traditional, liturgical observation of Easter, as practised among Roman Catholics and some Lutherans and Anglicans begins on the night of Holy Saturday with the Easter Vigil. This, the most important liturgy of the year, begins in total darkness with the blessing of the Easter fire, the lighting of the large Paschal candle (symbolic of the Risen Christ) and the chanting of the Exsultet or Easter Proclamation attributed to Saint Ambrose of Milan. A short introduction about Easter from the perspective of

various religions, traditions and cultures, including Easter season, Easter bread, Easter eggs, greetings, etc.

A Treasure to Be Shared is intended to promote a more widespread knowledge of the Apostolic Constitution Anglicanorum coetibus, promulgated by Pope Benedict XVI in 2009. The Apostolic Constitution provided for Personal Ordinariates for Anglicans entering into full communion with the Catholic Church. On the occasion of the 10th anniversary of the Apostolic Constitution, an academic symposium in the year 2019 sponsored by the Pontifical Gregorian University and the Congregation for the Doctrine of the Faith, provided historical, liturgical, canonical and ecumenical perspectives on the fruits of the Apostolic Constitution for the wider Church. The hope is that the reader will see the Personal Ordinariates of The Chair of Saint Peter in the United States and Canada, Our Lady of Walsingham in Great Britain and Our Lady of the Southern Cross in Australia as a gift to the Church, and a treasure to be shared by all.
