The Buddha and His Dhamma was B.R. Ambedkar's last work. Published posthumously, it presented a radical reorientation of Buddhist thought and literature, aptly called navayana. It deals with Ambedkar's conceptualization of Buddhism and the possibilities it offered for liberation and upliftment of the Dalits. It presents his reflections on the life of the Buddha, his teachings, and the spread of Buddhism by interweaving anecdotes with detailed analyses of the religion's basic tenets. The author also includes important elements of the Buddhist canon and tradition to make the teachings more accessible. In the first critical and annotated edition of this work, the editors address the on-going debate on Ambedkar's interpretation of the Buddha's dhamma by focusing on the accuracy of his citations and providing missing sources. They also discuss Ambedkar's modification of source materials. The introduction contextualizes the scholarly work related to the text.

"Shiva does not spell religion. Shiva spells responsibility -- our ability to take our very life process in our hands." -- Sadhguru 'Shi-va' is 'that which is not', a primordial emptiness; Shiva is also the first-ever yogi, Adiyogi, the one who first perceived this emptiness. Adiyogi is symbol and myth, historic figure and living presence, creator and destroyer, outlaw and ascetic, cosmic dancer and passionate lover, all at once.A book like no other, this extraordinary document is a tribute to Shiva, the Adiyogi, by a living yogi; a chronicle of the progenitor of mysticism by a contemporary mystic. Here science and philosophy merge seamlessly, so do silence and sound, question and answer--to capture the unspeakable enigma of Adiyogi in a spellbinding wave of words and ideas that will leave one entranced, transformed.

"The End of Faith articulates the dangers and absurdities of organized religion so fiercely and so fearlessly that I felt relieved as I read it, vindicated....Harris writes what a sizable number of us think, but few are willing to say."—Natalie Angier, *New York Times* In *The End of Faith*, Sam Harris delivers a startling analysis of the clash between reason and religion in the modern world. He offers a vivid, historical tour of our willingness to suspend reason in favor of religious beliefs—even when these beliefs inspire the worst human atrocities. While warning against the encroachment of organized religion into world politics, Harris draws on insights from neuroscience, philosophy, and Eastern mysticism to deliver a call for a truly modern foundation for ethics and spirituality that is both secular and humanistic. Two and a Half Rainbows - A Collection of Short Stories draws inspiration from the myriad shades of humanity, its persistent struggles, and its little moments of joy. These stories attempt to capture the intricacies of human emotions and celebrate the human spirit through a neutral voice. Despite

being rooted, the storytelling is engaging, as it employs multiple genres and tones. In 'Fireworks', five-year-old Rony's ecstasy is in stark contrast to his beloved maid Roma's agony, as he witnesses a daily spectacle from his apartment window. Similarly, upon 'Meeting Rosanna' after 40 long years, Joseph's excitement contradicts Rosanna's apprehensions about him, owing to their past.

Despite Gajraj's progressive demeanour, his hypocrisy comes to the fore, when he is angered by the frivolous promise made by the 'Fly on the wall'. Likewise, little Advait's innocence is put to the test when a friend seduces him to explore his 'Dual' nature. Thus, through a bioscope of sixteen realistic but fictional short stories, the author takes the reader on a journey through the by

lanes of life's bittersweet memories.
