From day one, I've been his sworn enemy. Okay, so I might have accidentally stolen one of his clients. Well, is it stealing if the client comes to me? Even our vicious banter and loathing gazes can't hide the chemistry between us. Who can blame me? He has enough charisma to make every hot-blooded woman in the city melt with a single word. Just when I think a mutual respect could be born between us, the biggest developer in the city offers us an opportunity that pits us against each other. BDSM and punishment as an erotic game is not a recent invention. It existed since quite a long time. The play between dominant men and women and their submissive counterparts. In a time when it was already considered extremely bold to capture naked or semi-naked women on an image, the tolerance limit for Fetish and BDSM - pictures was placed much, much higher. These pictures were taken secretly and then distributed in backrooms only. This photo collection shows submissive women as they play their roles and expect their punishments for their deeds. The main focus is laid upon spanking images of all kind. Even some out-door shootings are not missing. Not to forget a handful of classroom pictures of naughty schoolgirls, which need to receive some punishment as well by the school mistress. I would like to add another important notice to this picture book regarding the quality of images. To avoid disappointment, I would like to mention, that many of the photos do not meet the modern requirements for depth and contrast. The oldest image dates back to the year 1870 and many of the others were published in the year until World War I.

The Last Astronaut Imprint

An extraordinary, powerful and beautifully written memoir of a daughter's abuse by, and attachment to, her father. Throughout her childhood and adolescence, the anonymous author of *The Incest Diary* was raped by her father. Beneath a veneer of normal family life, she grew up in and around this all-encompassing secret. Her sexual relationship with her father lasted, off and on, into her twenties. It formed her world, and it formed her deepest fears and desires. Even after she broke away - even as she grew into an independent and adventurous young woman - she continued to seek out new versions of the violence, submission and secrecy she had struggled to leave behind. In this graphic

and harrowing memoir, the author revisits her early traumas and their aftermath - not from a clinical distance, but from deep within - to explore the ways in which her father's abuse shaped her, and still does. As a matter of psychic survival, she became both a sexual object and a detached observer, a dutiful daughter and the protector of a dirty secret. And then, years later, she made herself write it down. With lyric concision, in vignettes of almost unbearable intensity, this writer tells a story that is shocking but that will ring true to many other survivors of abuse. It has never been faced so directly on the page.
