publication of the last edition, this up-to-date reference source includes more than 900 universities and other institutions, and more than 1.500 relevant programmes. Entries provide contact information as well as details such as statistical information, tuition fees, admission requirements, programmes' contents. **Year Book of Adult Education** SAGE Are you considering graduate school as a way to further your career? Are you already pursuing

an advanced degree part time? If so, *Surviving Graduate School Part Time* is a must read. If you are at the point in your career when a graduate degree is needed as a professional credential, the prospect of graduate school may seem daunting and ill-timed. You may already work long hours in order to establish your career and have probably made major financial commitments, such as the purchase of a home, or an automobile, in addition to paying off undergraduate

loans. This practical volume addresses the concerns of the working professional seeking a graduate degree while trying to maintain career and family responsibilities. The helpful information, advice, and short cuts author Von V. Pttman provides are gleaned from nearly 20 years of service in the continuing education divisions at three major state universities. Beginning with an overview of the development of graduate school as a part-time

phenomenon, the author goes on to explore practical matters such as choices of schools and programs as well as strategies to help cut through or cope with university bureaucracies and financing. The author also includes appendixes that provide valuable information regarding regional accrediting associations, academic guidelines, entrance exam preparation, and financial aid.

2010 Peterson's The first Chemistry Department in Port

Elizabeth was founded in 1929 at the PE Technical College in Russell Road. This institution was later renamed the College for Advanced Technical Education (CATE) and still later it became the PE Technikon, when it moved to its Summerstrand Campus. This is the story of this Chemistry Department over 75 years, until 2005, when the Technikon became part of the newly established Nelson Mandela Metropolitan University. Archive material was used to

compile the story of the various Heads of Department and their staff, who contributed so much in making this Department so successful.
