**The Invention of
Journalism** LA Esfera
De Los Libros S L
The introduction of

electoral gender quotas in diverse contexts around the globe has attracted a great deal of scholarly and political interest. To date, research on these measures has focused primarily on quota design, adoption, and effects on the numbers of women elected. While this remains a crucial focus, quotas are not simply about changing the proportion of women in political office. Both supporters and opponents of quotas suggest, albeit from different perspectives, that positive action for women as candidates will influence the kinds of women elected, the policy-making process as it concerns women's issues, the way citizens view women in public life, and the

relationship between female voters and the political process. Seeking to initiate a "second generation" of research on quotas, this volume is an effort to inspire a new literature focused on theorizing and studying the broader impact of quotas on politics and society. The book is structured in relation to three facets of political representation: the attributes of officeholders (descriptive representation); the promotion of group interests during the legislative process (substantive representation); and the broader cultural meanings and social consequences of political incorporation (symbolic representation). Within

each section, the chapters include case studies from four regions of the world: Western Europe, Latin America, Sub-Saharan Africa, and Asia and the Middle East. This approach recognizes that quotas are a global phenomenon and that research on quotas and representation benefits from a comparative, cross-national approach. The Impact of Gender Quotas is a theory-building and comparative exercise in elaborating concepts commonly used to analyze the broad impacts of gender quotas. The book begins with the argument that the means by which women enter politics may influence how, why and to what extent their presence

affects political representation. Following a preface by Drude Dahlerup, one of the pioneers of gender quota research, the editors introduce the book with a conceptual framework for analyzing the impact of quotas, based upon descriptive, substantive and symbolic dimensions of representation. The book is subsequently organized into three sections, each devoted to analyzing one of the dimensions of representation, and each of these sections contains a chapter case study from one of four regions of the world (Western Europe, Latin America, Sub-Saharan Africa, and Asia). Each of the chapters follows a basic format instituted by the editors, with the

goal of facilitating cross-case comparisons and broad theory-building. The editors conclude the book by summarizing the main themes and implications for future research on gender quotas.

Iron Curtain Journals

Lynne Rienner Pub

This book argues that journalism is a more recent invention than most authors have acknowledged so far. The profession of the journalist and the journalistic discourse are the products of the emergence, during the second half of the 19th century, of a specialized field of discursive production, the journalistic field. This book analyses the emergence of journalism and examines the development of

discursive norms, practices and strategies that are characteristic of this discourse.

Boletín mexicano de la crisis Amazon Crossing

Los periodistas Jesús Úbeda y Julio Valdeón, uno en Madrid y otro en Nueva York, reciben un encargo ilusionante: escribir una biografía de Raúl del Pozo, mito viviente del periodismo y la literatura. Ocurre que este se niega a contar su vida porque detesta el género: "Las mejores biografías las hizo Plutarco en el siglo I d.C.; las de después son mediocres". La solución pasa por traicionar al biografiado entrevistándole a él y a muchos que lo conocen. Es así que Arturo Pérez Reverte, José María García, Jesús Quintero, Manuel

Vicent, Carmen Rigalt, Javier Rioyo, Federico Jiménez Losantos, Antonio Lucas y Antonio Casado, entre otros, suman sus voces para pulir un retrato extasiado, radiante y blasfemo de uno de los hombres que mejor ha escrito y descrito a España y los españoles. Raúl del Pozo, que nació el mismo día que Ava Gardner y Jesucristo, reportero, corresponsal, columnista, ha enganchado a varias generaciones de lectores con su prosa feroz y sorprenderá de nuevo esta vez con andanzas, anécdotas y episodios tan desconocidos como sorprendentes. Con prólogo de Carlos Alsina

Movements in Latin America Crown
Named a best book of 2011 by the San Francisco Chronicle, *At the Fights* is a gritty and glittering anthology of the very best writing about boxing. Here are Jack London on the immortal Jack Johnson; Richard Wright on Joe Louis's historic victory over Max Schmeling; A. J. Liebling's brilliantly comic portrait of a manager who really identifies with his fighter; Jimmy Cannon on Archie Moore, the greatest fighter of the 1950s; James Baldwin and Gay Talese on Floyd Patterson's epic fight with Sonny Liston; George Plimpton on Muhammad Ali and Malcolm X; Norman Mailer on the Rumble in the Jungle; Mark Kram on the Thrilla in

Manila; Pete Hamill on legendary trainer and manager Cus D'Amato; Mark Kriegel on Oscar De La Hoya; and David Remnick and Joyce Carol Oates on Mike Tyson. National Book Award-winning novelist Colum McCann (*Let the Great World Spin*) offers a foreword and, in a new preface, John Schulian pays tribute to his co-editor, George Kimball, who lost his battle with cancer in 2011.

Manuel Alcantara, el ltimo columnista diario La Esfera de los Libros
Cecilia Valdés is arguably the most important novel of 19th century Cuba. Originally published in New York City in 1882, Cirilo Villaverde's novel has fascinated readers inside and outside Cuba since the late

19th century. In this new English translation, a vast landscape emerges of the moral, political, and sexual depravity caused by slavery and colonialism. Set in the Havana of the 1830s, the novel introduces us to Cecilia, a beautiful light-skinned mulatta, who is being pursued by the son of a Spanish slave trader, named Leonardo. Unbeknownst to the two, they are the children of the same father. Eventually Cecilia gives in to Leonardo's advances; she becomes pregnant and gives birth to a baby girl. When Leonardo, who gets bored with Cecilia after a while, agrees to marry a white upper class woman, Cecilia vows revenge. A mulatto friend and

suitor of hers kills Leonardo, and Cecilia is thrown into prison as an accessory to the crime. For the contemporary reader Helen Lane's masterful translation of Cecilia Valdés opens a new window into the intricate problems of race relations in Cuba and the Caribbean. There are the elite social circles of European and New World Whites, the rich culture of the free people of color, the class to which Cecilia herself belonged, and then the slaves, divided among themselves between those who were born in Africa and those who were born in the New World, and those who worked on the sugar plantation and those who worked in the households of the rich

people in Havana. Cecilia Valdés thus presents a vast portrait of sexual, social, and racial oppression, and the lived experience of Spanish colonialism in Cuba.

Transitions and Non-Transitions from Communism Basic Books

Acclaimed around the world and a national best-seller, this is the definitive work on Che Guevara, the dashing rebel whose epic dream was to end poverty and injustice in Latin America and the developing world through armed revolution. Jon Lee Anderson's biography traces Che's extraordinary life, from his comfortable Argentine upbringing to the battlefields of the Cuban revolution, from the halls of power

in Castro's government to his failed campaign in the Congo and assassination in the Bolivian jungle. Anderson has had unprecedented access to the personal archives maintained by Guevara's widow and carefully guarded Cuban government documents. He has conducted extensive interviews with Che's comrades—some of whom speak here for the first time—and with the CIA men and Bolivian officers who hunted him down. Anderson broke the story of where Guevara's body was buried, which led to the exhumation and state burial of the bones. Many of the details of Che's life have long been cloaked in secrecy and intrigue. Meticulously

researched and full of exclusive information, Che Guevara illuminates as never before this mythic figure who embodied the high-water mark of revolutionary communism as a force in history.

Elecciones y cambio de élites en América Latina, 2014 y 2015

Oxford University Press

This book unveils an ignored aspect of the Brazilian history: how the colonization of the country shaped the sexuality of its indigenous population. Based on textual research, the authors show how the government and religious institutions gradually imposed the family model considered as "normal" to Brazilian indigenous gays through forced labor, punishment,

marriages with non-indigenous and other methods. However, such disciplinary practices didn't prevent the resistance of the natives whose sexuality operates out of the hegemonic model, and the book also analyzes the impact of these forms of dissent on the development of indigenous movements, interethnic relations and indigenous policies in Brazil. Building upon Post-Colonial and Queer theories, the authors present a historical overview of the ideas and practices employed by the religious and governmental authorities to repress homosexuality among indigenous peoples since the beginning of the colonization

process, on the 16th century. They also show how this process of colonization of indigenous sexualities goes beyond the formal colonization period, which ended with the Brazilian Independence in 1822, and is part of a wider process of compulsory heterosexualization and heteronormativity of native peoples, based on scientific, theological, social and cultural assumptions that inspired religious, civilizing, academic and political practices throughout Brazilian history.

Political Power In Ecuador

Grove/Atlantic, Inc. This wide-ranging collection of critical essays on literary journalism addresses the shifting border between fiction and

non-fiction, literature and journalism.

Literary Journalism in the Twentieth Century addresses general and historical issues, explores questions of authorial intent and the status of the territory between literature and journalism, and offers a case study of Mary McCarthy's 1953 piece, "Artists in Uniform," a classic of literary journalism. Sims offers a thought-provoking study of the nature of perception and the truth, as well as issues facing journalism today.

Gil Fortoul, una luz en la sombra Library of America
Breve Enciclopedia que contiene biografías de los principales escritores españoles desde el siglo I hasta el XXI, así como las definiciones y

explicaciones de los movimientos y escuelas literarias que han influido en España desde esa lejana fecha. Reseñas de obras clásicas como "El Quijote", "La Celestina" y "El Alcalde de Zalamea" y de modernas y contemporáneas como "La Familia de Pascual Duarte", "Arte de las Putas" y "Los Amantes de Teruel", entre otras muchas y variadas. *Narcoland* CreateSpace
Salvadorean society is shocked by the gruesome murder of a young upper-class woman, and no one more so than her best friend Laura. In her first-person solo narration, Laura rattles on and on about her disbelief and horror at the evils all around her—but who's that in the mirror? Laura

Rivera can't believe what has happened. Her best friend has been killed in cold blood in the living room of her home, in front of her two young daughters! Nobody knows who pulled the trigger, but Laura will not rest easy until she finds out. Her dizzying, delirious, hilarious, and blood-curdling one-sided dialogue carries the reader on a rough and tumble ride through the social, political, economic, and sexual chaos of post-civil war San Salvador. A detective story of pulse-quickenning suspense, *The She-Devil in the Mirror* is also a sober reminder that justice and truth are more often than not illusive. Castellanos Moya's relentless, obsessive narrator—female, rich,

paranoid, wonderfully perceptive, and, in the end, fabulously unreliable—paints with frivolous profundity a society in a state of collapse. Castellanos Moya's *Senselessness* was acclaimed "an innovative and invigoratingly twisted piece of art" (*Village Voice*) and "a brilliantly crafted moral fable, as if Kafka had gone to Latin America for his source materials" (Russell Banks).

LEARN PYTHON IN THE
FASTEST AND EASIEST
WAY Learn Python in a
weekend offers you a
learning method that
will allow you to learn
Python in a short
period of time,
specifically in a
weekend! Our

experience has demonstrated us that the best way to learn is to do it while having fun and with a methodology that will teach you progressively all the concepts you need to know. In the first part of the book you will find an explanation of the programming language along with an introduction to the programming environment. In the second part of the book you will find a total of 100 exercises of progressive difficulty in which, in addition to guiding you step by step, we explain all the theoretical concepts of programming that you need to know to be able to carry them out. The book contains downloadable material!

Politicians and Politics in Latin America
Bucknell University Press
Tracking the ways in which journalism and memory mutually support, undermine, repair and challenge each other, this fascinating collection

brings together leading scholars in journalism and memory studies to investigate the complicated role that journalism plays in relation to the past.

Two Spies in Caracas Springer

The premise of this book is, simply, that politicians matter, that an understanding of the role played by politicians in the way that politics is carried out in their countries is, far from constituting a resurrection of outdated elitist theories, of vital importance in present-day Latin America. pioneering field research on the opinions of Latin American legislators in 17 countries, they focus on two broad topics: political systems, as reflected in politicians'

perspectives on the democracies and party organizations of which they are a part; and the role played by ideology, not only in shaping positions on issues, but also as a factor that gives coherence to parties. Their seminal work is central to the current political dynamics in the region, as well as to broader debates in political science.

The Impact of Gender Quotas

Hispanbooks

El presente volumen aborda el análisis de los procesos electorales de ámbito presidencial y legislativo celebrados en América Latina en el bienio 2014-2105. Se trata de elecciones celebradas en once países cuyo estudio se desarrolla en igual número de capítulos.

Se cubren comicios simultáneos a ambas instancias en Argentina, Bolivia, Brasil, Costa Rica, Guatemala, Panamá y Uruguay. En El Salvador y en Colombia, aunque se celebraron en tiempos distintos, ambos tipos de comicios se consideran en el mismo capítulo; allí, las presidenciales precedieron a las legislativas con un año de diferencia en el primer país y las legislativas antecedieron por tres meses a las presidenciales en el segundo. Se recogen también en capítulos independientes las elecciones únicamente legislativas de México y Venezuela. Si bien el criterio temporal siempre puede calificarse de

caprichoso en este caso sigue la preocupación iniciada hace ocho años de dar cumplida cuenta del acontecer electoral en la región, en el ámbito de los dos poderes representativos del Estado por excelencia. En efecto, este volumen da continuidad a anteriores trabajos. El bienio aquí analizado da cabida a un nivel promedio de elecciones presidenciales, si se tiene en cuenta el acumulado en la región desde hace 30 años, por lo cual es representativo del quehacer político latinoamericano. Así, la Tabla 1 recoge las 117 elecciones presidenciales que se han llevado a cabo en la región entre 19861 y 2015 cuyo resultado no

fue cuestionado; su media es de cuatro procesos electorales por año y aquí el número de elecciones que se recogen son nueve.

Oiga Independently Published
From the New York Times bestselling author of *The End of Power* comes an edge-of-your-seat political thriller about rival spies, dangerous love, and one of history's most devastating revolutions. Venezuela, 1992. Unknown colonel Hugo Chávez stages an ill-fated coup against a corrupt government, igniting the passions of Venezuela's poor and catapulting the oil-rich country to international attention. For two rival spies hurriedly dispatched to Caracas—one from Washington, DC, and the other from

Fidel Castro's Cuba-- this is a career-defining mission. Smooth-talking Iván Rincón of Cuba's Intelligence Directorate needs a rebel ally to secure the future of his own country. His job: support Chávez and the revolution by rallying the militants and neutralizing any opposing agents. Meanwhile, the CIA's Cristina Garza will do everything in her power to cut Chávez's influence short. Her priority: stabilize the greatest oil reserves on the planet by ferreting out and eliminating Cuba's principal operative. As Chávez surges to power, Iván and Cristina are caught in the fallout of a toxic political time bomb: an intrepid female reporter and unwitting informant, a drug lord

and key architect in Chávez's rise, and personal entanglements between the spies themselves. With everything at stake, the adversaries find themselves at the center of a game of espionage, seduction, murder, and shifting alliances playing out against the precarious backdrop of a nation in free fall. A thrilling fictional story based on unimaginable real-life events.

Un siglo en 100 artículos Metropolitan

Museum of Art

En este trabajo desvelamos las claves creativas de las columnas personales de Manuel Alcántara. Ilustramos profusamente cada aspecto de la teoría periodística de la columna de opinión

con fragmentos extraídos del manantial poético de sus columnas personales. Compendiamos aquí, por tanto, al mejor Alcántara: con sus juegos de palabras y neologismos, sus célebres quiebras y muletazos, descripciones, metáforas y paradojas. En definitiva, esa personalísima interpretación poética de la realidad que lleva medio siglo ofreciéndonos en unas columnas entremezcladas con los recuerdos y anécdotas de una vida vivida entre el crochet y el endecasílabo.

The Palace Papers

Springer

Poet, journalist of world wars and the Russian Revolution, prolific novelist, translator, playwright, respected

society figure: Sofía Casanova intrigued and influenced the Spanish reading public for over fifty years. Sofía Casanova's unique achievements should have drawn considerable critical and scholarly notice. Yet today her life and works remain unexamined or ignored. It is the purpose of this book, researched in Spain and Poland, to reintroduce Sofía Casanova to the scholarly and general public.

Che Guevara

Northwestern University Press
A unique comparative study examining why some communist regimes remain in power, whilst others have fallen.

Gay Indians in Brazil
Cambridge University

Press
"In 1965, Ginsberg travels to Cuba, where ignoring all advice, he behaves in his usual wonderfully provocative way and is deported under armed guard to, of all places, Prague. This leads to a remarkable and moving journey through the Iron Curtain countries, to Russia (the land of his heritage), to Poland and the Warsaw ghetto and to Auschwitz. When he returns to Prague, he runs afoul of the government when local students crown him "The King of May" and tour him around in a flatbed truck. He's beaten in the streets a few days later, arrested, and deported yet again: this time to swinging England, where he hangs out with Bob

Dylan, meets the Beatles, and helps stage a massive international poetry reading at the Royal Albert Hall (where William S. Burroughs is piped in long distance over the P.A.)"--

The Birthday Buyer

BORJA LOMA BARRIE

Ana Rossetti is a unique phenomenon in Spanish culture, a performer and a writer who resists categorization within any single genre, gender, period, or medium. One of the most exciting Spanish writers of the last twenty-five years, Rossetti can be both transgressive and

playful, employing erotic signs (fetishes, taboos) derived from fashion, literature, design, pornography, psychology, theater, drag, and Catholicism to destabilize critical, analytic, political, social, and gender categories. Critics, however, have faced a dilemma that this book seeks to overcome: how to define her work - which bridges high and low cultures and includes poetry, fiction, essay, fashion, drama, children's literature, and opera - without resorting back to the very categories that her own artistic practice questions.
