Here is the astonishing true story of Bollywood, a sweeping portrait about a country finding its identity, a movie industry that changed the face of India, and one man's struggle to become a star. Shah Rukh Khan's larger than life tale takes us through the colorful and idiosyncratic Bollywood movie industry, where fantastic dreams and outrageous obsessions share the spotlight with extortion, murder, and corruption. Shah Rukh Khan broke into this \$1.5 billion business despite the fact that it has always been controlled by a handful of legendary film families and sometimes funded by black market money. As a Muslim in a Hindu majority nation, exulting in classic Indian cultural values, Shah Rukh Khan has come to embody the aspirations and contradictions of a complicated culture tumbling headlong into American style capitalism. His story is the mirror to view the greater Indian story and the underbelly of the culture of Bollywood. "A bounty for cinema lovers everywhere." -- Mira Nair, Director, *The Namesake* and *Monsoon Wedding* "King of Bollywood is the all-singing, all-dancing back stage pass to Bollywood. Anupama Chopra chronicles the political and cultural story of India with finesse and insight, through fly-on-wall access to one of its biggest, most charming and charismatic stars." -- Gurinder Chadha, director of *Bend It Like Beckham* "The "Easy Rider Raging Bull" of the Bollywood industry and essential reading for any Shah Rukh Khan fan." -- Emma Thompson, actress "Anu Chopra infuses the pivotal moments of Shah Rukh Khan's life with an edge-of-your-seat

tension worthy of the best Bollywood blockbusters." --Kirkus

Are you confused about how to raise your kids? How many hours should they spend with the TV, iPad or Xbox? Do you worry about what they should eat, drink and read? As the urban, nuclear family is becoming the norm, replacing the traditional joint family, what happens to the children who grow up with a single support system? In *The Modern Gurukul*, Sonali Bendre Behl shares her three principles of parenting that will help you find a balance between tradition and modernity, and show you how to raise your child in the digital age. Personal, anecdotal and honest, it highlights the need for a return to our roots to raise a healthy, curious and, most importantly, compassionate child.

Parenting can be the most rewarding job on earth-and sometimes the toughest. You cradle your newborn the first time and promise, either silently or aloud, to provide the best life possible for him or her. The years quickly fly by-and suddenly, your youngster is about to enter school. If you're like most people, that is a scary day. How will little Sam react to being away from me? What will happen if Noah misbehaves? Will the teacher provide the attention that Riley needs in order to learn? As your child grows older and continues to achieve new milestones, your concerns grow, too. Can I trust Sara being home alone after school until I get home? What will Noah do if his friends offer him a cigarette? Will Riley's friends tempt her to try drugs? These types of worries are normal and show that you are a loving, attentive parent who wants what is best for your child. Reading this booklet also shows that you are concerned and that you want to help your child achieve a healthy, drug-free lifestyle from preschool through high school - a dozen or so critical years when attitudes about drug use are formed. Many school districts across the country have had to cut funding for alcohol and drug education programs, making it even more important that you are informed, consistent, and current

when you communicate with your child about drugs and alcohol.

Key changes have emerged in Bollywood in the new millennium. Twenty-First Century Bollywood traces the emerging shifts in both the content and form of Bollywood cinema and examines these new tendencies in relation to the changing dynamics of Indian culture. The book historically situates these emerging trends in relation to previous norms, and develops new, innovative paradigms for conceptualizing Bollywood in the twenty-first century. The particular shifts in contemporary Bollywood cinema that the book examines include the changing nature of the song and dance sequence, the evolving representations of male and female sexuality, and the increasing presence of whiteness as a dominant trope in Bollywood cinema. It also focuses on the increasing presence of Bollywood in higher education courses in the West, as well as how Bollywood's growing presence in such academic contexts illuminates the changing ways in which this cinema is consumed by Western audiences. Shifting the focus back on the cinematic elements of contemporary films themselves, the book analyses Bollywood films by considering the film dynamics on their own terms, and related to their narrative and aesthetic usage, rather than through an analysis of large-scale industrial practices. It will be of interest to students and scholars of South Asian Studies, Film Studies, and Cultural Studies.

When Chandra Barot set out to make *Don*, it was not with the idea of giving birth to one of India's most iconic thrillers but to make a good film for a good cause. No one involved with the making of the film foresaw the kind of overarching impact it would have, not only in terms of its success at the box office but in spawning a cult phenomenon that would stay strong more than three decades later-with its slick theme, fantastic music and unforgettable dialogues, that is what *Don* became. The journey of *Don* was not an easy one. Shot over four years, it faced

several hurdles before making it to the theatres. While the casting and music of Don have now acquired legendary status, there were some close shaves before it all came together: Iftexhar's role of the cop was eyed by a big star of the 1960s; getting Kalyanji-Anandji to compose the score called for a delicate balancing act; it was only thanks to the shrewd advice of a mentor that the super-successful 'Khai ke paan Banaras wala' was included at the very last minute. And, wonder of wonders, it was not Amitabh Bachchan who was paid the most for the film! Through a fast-paced narrative born out of interviews with the cast and crew, and supplemented with rare photographs from the director's archives, *The Making of Don* tells a tale that is as compelling as the one that finally made it to the big screen. Engaging and captivating, this is the story of one of Bollywood's most memorable classics. [Diary Of A Young Girl](#) Univ of California Press

Psychologist Joanne Garfi spends most of her working life assisting parents, teachers, school counsellors, caseworkers, and community policing officers on how best to deal with school refusal. *The Modern Gurukul* Franklin Classics Traders, Pushers, Soldiers, Spies. A pivot for India's Act-East policy. The gateway to a future of immense possibilities from hydrocarbons to regional trade over land and water that could create a new Silk Route. A bulwark against China. A cradle of climate change dynamics and migration. 'Northeast' India, the appellation with which India's far-east is known, is all this and more. Alongside hope and aspiration, it is also home to immense ethnic and communal tension, and a decades-old Naga conflict and the high-profile peace process that involves four gateway states—Nagaland, Manipur, Arunachal Pradesh and Assam—and several million people. It's among the most militarized zones in the world. It's a playground of corruption and engineered violence. Only real peace, and calm in both Myanmar and Bangladesh, will unlock this Eastern gate. A keen observer and frequent chronicler of the region, Sudeep Chakravarti has for several years offered exclusive insights into the Machiavellian—Chanakyan—world of the Naga and other conflicts and various attempts to resolve these. He now melds the skills of a journalist, analyst, historian and ethnographer to offer inside stories and a ringside view to the tortuous, no-holds-barred attempts at resolving conflict. Employing a 'dispatches' style of

storytelling, and interviews with rebel leaders, politicians, bureaucrats, policymakers, security specialists and operatives, gunrunners, 'narcos', peace negotiators and community leaders, Chakravarti's narrative provides a definitive guide to the transition from war to peace, even as he keeps a firm gaze on the future. *The Eastern Gate* is a tour de force that captures this story of our times. *IQ and the Wealth of Nations* CreateSpace "Rahul Pandita was fourteen years old when he was forced to leave his home in Srinagar along with his family, who were Kashmiri Pandits: the Hindu minority within a Muslim-majority Kashmir that was by 1990 becoming increasingly agitated with the cries of 'Azaadi' [freedom] from India. The heartbreaking story of Kashmir has so far been told mainly through the prism of the brutality of the Indian security forces, the pro-independence demands of Muslim separatists or India and Pakistan's rivalry. But there is another part of the story that has remained unrecorded and buried. *Our Moon Has Blood Clots* is the untold chapter in the story of Kashmir, in which hundreds of thousands of Kashmiri Pandits were tortured, killed and forced to leave their homes by Islamist militants, and to spend the rest of their lives in exile in their own country. Rahul Pandita has written a deeply personal, powerful and unforgettable story of history, home and loss."--Page 4 of cover.
