AYERS NICHOLSON

Silvics of North America: Conifers Harper Collins

The first collection of critical essays on May Swenson and her literary universe, *Body My House* initiates an academic conversation about an unquestionably major poet of the middle and late twentieth century. Between the 1950s and the 1980s, May Swenson produced eleven volumes of poetry, received many major awards, was elected chancellor of the Academy of American Poets, and was acclaimed by writers in virtually every

school of American poetry. Essays here address the breadth of Swenson's literary corpus and offer varied scholarly approaches to it. They reference Swenson manuscripts---poems, letters, diaries, and other prose---some of which have not been widely available before. Chapters focus on Swenson's work as a nature writer; the literary and social contexts of her writing; her national and international acclaim; her work as a translator; associations with other poets and writers (Bishop, Moore, and others); her creative process; and her profound explorations of gender and sexuality. The first full volume of scholarship on May Swenson, *Body My House* suggest an ambitious agenda for further work. Contributors include Mark

Doty, Gudrun Grabher, Cynthia Hogue, Suzann Juhasz, R.R. Knudson, Alicia Ostriker, Martha Nell Smith, Michael Spooner, Paul Swenson, and Kirstin Hotelling Zona.

American Forest Trees Good Press Writers, game designers, teachers, and students ~this is the book youve been waiting for! Written by storytellers for storytellers, this volume offers an entirely new approach to word finding. Browse the pages within to see what makes this book different:

The World Almanac & Book of Facts Troll Lord Games

From USA TODAY bestselling author Lacy Williams, this collection includes inspirational western romances: *Kissed by a Cowboy*, *Love Letters from Cowboy* and *Mistletoe Cowboy*. *Kissed by a Cowboy* Just shy of her thirtieth birthday, Haley Carston returns to Redbud Trails, Oklahoma, to care for her dying aunt. She thinks she's ready for this homecoming. She's spent years escaping her perpetual shyness and being Katie Michaels' tag-along friend, but

being back in her hometown brings back a lot of old memories, especially when she is faced with the cowboy she never forgot—Katie's older brother, Maddox. Twelve years ago, Maddox Michaels was supposed to be somebody. He had everything. A football scholarship. A Division I team scouting him. Maybe even a chance at the pros. Now, he's a burned-out cowboy working day and night to stay ahead of his brother's medical bills and keep their family farm from going bankrupt. And trying to be a father-figure for his niece, Olivia. When Haley and Olivia start spending time together, Maddox can't help remembering those dreams that died alongside his sister. Will being with Haley open his heart to new dreams? *Love Letters from Cowboy* (formerly "With Love, Cowboy") When the love of his life is injured in combat, Ryan Michaels promises himself he won't let any more time go by without ensuring she knows that he loves her. His problem? Ashley still sees him as the goofy high school kid that followed her everywhere. Ashley Reynolds returns home to Redbud Trails, Oklahoma, a wounded veteran, with her Military Working Dog at her side. She's concerned

about her aging parents and doesn't have time for a relationship—especially not one with a college dropout like Ryan. But as Ashley dives back into the life she left behind, she discovers there's much more to Ryan than she thought... there's a man of honor and integrity. Will she open her heart and let Ryan in? *Mistletoe Cowboy* After suffering a career-ending injury, bull rider Justin Michaels has stalled out. At twenty-seven, he's back in college to try and find direction for his life. Valri North is a few credits away from completing her pre-med degree. She's got her life planned out, until a disastrous assignment in class and a distracting cowboy threaten to derail her carefully-ordered plans.

The World Almanac and Book of Facts, 1986 Createspace Independent Publishing Platform

When the love of his life is injured in combat overseas, Ryan Michaels promises himself that he won't let another day go by without declaring his feelings. Except... Ashley's always seen him as a goofy high school kid. Even ten years after graduation, she seems content to keep him in the Friend Zone. How can he prove he's not the same punk he used to be if she won't give him a chance? She doesn't belong anymore... Ashley Reynolds ran away from home to the military after discovering she was adopted. Now she's home, a wounded veteran, with her Military Working Dog at her side and she no longer fits into the small-town life. Her dad's Alzheimer's is getting worse and she needs to be able to take over the family business--but that means interacting with Ryan on a daily basis. As Ashley tries to build a new life for herself, she discovers there's much more to Ryan than the college dropout she thought he was... Will

she open her heart and let Ryan in?
Latin for Gardeners Storey Publishing
 Meyler's Side Effects of Herbal Medicines, named to Doody's Core Titles for 2013, is a derivative work based on the acclaimed Meyler's Side Effect of Drugs, Fifteenth Edition. This book summarizes the adverse effects of a large range of herbal medicines and the active ingredients that they contain. It includes extensive lists of the families of plants that are used as herbal medicines, including the Latin names of genera and species as well as the common names of individual plants. It features not only herbal medicines but information on important compounds such as tropane alkaloids, cardiac glycosides, nicotine, and pyrolizidine alkaloids. The book is divided into three separate sections: Family - Each monograph is organized under a family of plants (for example, Liliaceae) Genera - The various genera that are included under the family name are tabulated (for example, the family Liliaceae contains 94 genera) Species - In each monograph, some species are dealt with separately (for example, in Liliaceae, four species are included under their Latin names and

major common names) Each monograph includes the following information: Alternative common names Active ingredients Uses - both traditional and modern Adverse effects References Drug names are designated by their recommended or proposed International Non-proprietary Names (rINN or pINN); when those are not available, clinical names or brand names are used. The material is drawn from the fifteenth edition of the internationally renowned encyclopedia, Meyler's Side Effects of Drugs, and the latest volumes in the companion series, Side Effects of Drugs Annuals. This volume is critical for any health professional or homeopathic practitioner with an interest in herbal medicines. Named to Doody's Core Titles 2013, a collection development tool for health sciences libraries of all sizes, by Doody Enterprises Surpasses the Physician's Desk Reference © by including clinical case studies and independent expert analysis Complete index of drug names Most complete cross referencing of drug-drug interactions available
Getting Acquainted with the Trees World Almanac Books

This book is filled with fascinating facts, recipes and stories about common plants found growing wild in northern California. Every vacant lot, park, open space and empty field contains some of the characters in this book. Get ready to meet a variety of common weeds with uncommon stories. There will be sinister plants with deadly reputations, and friendly vegetables disguised as weeds. Over fifty detailed drawings will help you to recognize some of the plant personalities. And this is important, because after reading you will want to get off that couch and meet these plants. These weeds grow all around, from Sacramento to San Francisco, Monterey to San Jose. We are surrounded by a silent plant community. Learn what it has to say to you between the covers of this book. *Yokuts and Western Mono Ethnography* Elsevier

A chance encounter reunites a hometown girl and the now-single dad cowboy who was her first kiss... "Lacy's books are just so darn cozy and wholesome, without being cloying." WendyTheSuperLibrarian book blog Lacy Williams is the USA Today bestselling author of the acclaimed

Wyoming Legacy and Cowboy Fairytales series. ABOUT THE BOOKS: Kissed by a Cowboy 1 He was her first kiss... Only one thing could've forced Haley Carsten to return to her hometown-her beloved aunt's failing health. Being home again stirs up painful memories of the high school best friend that died too young. When she meets a young girl who is the spitting image of her friend, Haley can't help but feel an instant kinship. The one thing she didn't count on was running into her high school crush-Maddox Michaels. Maddox is a realist. There's no place in his life for dreams, not when he has an impressionable niece to raise and a brother who's lost his way. But when Haley enters his orbit again, he can't help remembering those dreams that died alongside his sister-dreams like falling in love. Can Haley resurrect Maddox's heart, or have too many years passed since she was Kissed by a Cowboy? Kissed by a Cowboy 2 Ever wonder what happens beyond happily-ever-after? Haley wanted nothing more than to be a mom, but six months into this motherhood thing, she can't remember sleeping through the night. She's a mess. So is the house. And

to make things worse, Maddox has a new coworker-a bombshell who happens to be single. Maddox thinks the baby-rearing stage is easy. It's nothing compared to finding out his fourteen-year-old niece has been sneaking out at night. Or trying to decipher his wife's hot and cold signals. When Livy disappears for the second time, everything that's been boiling under the surface erupts. Will Maddox and Haley's love be strong enough to survive? Read all the novels by USA Today bestselling author Lacy Williams: Heart of Oklahoma series 1. Kissed by a Cowboy 1 & 2 2. Love Letters from Cowboy 3. Mistletoe Cowboy 4. Cowgirl for Keeps 5. Jingle Bell Cowgirl 6. Heart of a Cowgirl 7. 3 Days with a Cowboy 8. Prodigal Cowgirl Cowboy Fairytale series 1. Once Upon a Cowboy 2. Cowboy Charming 3. The Toad Prince 4. The Beastly Princess 5. The Lost Princess Triple H Brides (a Cowboy Fairytales spin-off) 1. Kissing Kelsey 2. Courting Carrie 3. Stealing Sarah 4. Keeping Kayla 5. Melting Megan Snowbound in Sawyer Creek series 1. Soldier Under the Mistletoe 2. The Nanny's Christmas Wish 3. The Rancher's Unexpected Gift Genre: Cowboy romance (sweet) Length: includes 2 novellas (250

pages) "Williams delivers a smart, gentle, and uplifting novel." Publishers Weekly on RETURN OF THE COWBOY DOCTOR. "It's the kind of story you want to curl up next to a fireplace with on a snowy Christmas Eve." WendyTheSuperLibrarian book blog on A COWBOY FOR CHRISTMAS. "...a gentle, family-friendly success." Publishers Weekly on THE HOMESTEADER'S SWEETHEART.

The Storyteller's Thesaurus Doubleday
Containing thousands of entries of both vernacular and scientific names of Great Plains plants, the literature that informs this exhaustive listing spans nearly 300 years. Author Elaine Nowick has drawn from sources as diverse as Linnaeus, Lewis and Clark, and local university extension publications to compile the gamut of practical, and often fanciful, common plant names used over the years. Each common name is accompanied by a definitive scientific name with references and authority information. Interspersed with scientifically-correct botanical line drawings, the entries are written in standard ICBN format, making this a useful volume for scholars as well as lay enthusiasts alike. Volume 2 indexes the

scientific names of those species, followed by listings of all the common names applied to them. Both volumes refer the common and scientific names back to a list of 190 pertinent authoritative sources. *Real Gardens Grow Natives Grove*/Atlantic, Inc.

Descriptions, color photos, drawings, and maps of over 100 trees & gardens within the City of San Diego's Balboa Park.

ORNAMENTAL HORTICULTURE: SCIENCE, OPERATIONS, AND MANAGEMENT, 4E is a comprehensive introduction to the art and science of ornamental horticulture. This book provides a balanced coverage of the different elements integral to this field, including the science of ornamental horticulture, crop production, craftsmanship, and business management skills. ORNAMENTAL HORTICULTURE offers students a practical view of the business skills required to be successful in this growing industry, while also giving them the chance to develop their own creativity. Extensive full color illustrations, detailed list of objectives, and comprehensive review questions will help students monitor their progress. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Ornamental Horticulture Simon and Schuster
Since Latin became the standard language for plant naming in the eighteenth century, it has been intrinsically linked

with botany. And while mastery of the classical language may not be a prerequisite for tending perennials, all gardeners stand to benefit from learning a bit of Latin and its conventions in the field. Without it, they might buy a *Hellebores foetidus* and be unprepared for its fetid smell, or a *Potentilla reptans* with the expectation that it will stand straight as a sentinel rather than creep along the ground. An essential addition to the gardener's library, this colorful, fully illustrated book details the history of naming plants, provides an overview of Latin naming conventions, and offers guidelines for pronunciation. Readers will learn to identify Latin terms that indicate the provenance of a given plant and provide clues to its color, shape, fragrance, taste, behavior, functions, and more. Full of expert instruction and practical guidance, *Latin for Gardeners* will allow novices and green thumbs alike to better appreciate the seemingly esoteric names behind the plants they work with,

and to expertly converse with fellow enthusiasts. Soon they will realize that having a basic understanding of Latin before trips to the nursery or botanic garden is like possessing some knowledge of French before traveling to Paris; it enriches the whole experience.

The Yearling Lacy Williams

He thought his life was over... Justin Michaels is not your typical college student. For one, he's twenty-seven and the other students seem like little kids to his jaded eyes. But after suffering a career-ending injury, the former bull rider has to do something to get his life on track. She's got big plans... Valri North is only a few credits away from completing her pre-med degree. Her life is consumed by helping care for her big family and trying to keep her grades up. The last thing she needs is a distraction... and the cowboy seated next to her in class is a major one. There's something vulnerable behind the cool exterior he shows the

world... One flat tire, a snowstorm and a disastrous in-class presentation later, and Justin admits he's fallen for the girl. But a loser like him is sure to hold her back... isn't he?

Trees that Every Child Should Know Texas A&M University Press

The international bee crisis is threatening our global food supply, but this user-friendly field guide shows what you can do to help protect our pollinators. The Xerces Society for Invertebrate Conservation offers browsable profiles of 100 common flowers, herbs, shrubs, and trees that support bees, butterflies, moths, and hummingbirds. The recommendations are simple: pick the right plants for pollinators, protect them from pesticides, and provide abundant blooms throughout the growing season by mixing perennials with herbs and annuals! *100 Plants to Feed the Bees* will empower homeowners, landscapers, apartment dwellers — anyone with a scrap of yard or a window box — to protect our pollinators.
