**Too Good to
Be Real**

Abrams
Cloud isn't
just a place to
work. It's a
place to live.
And when

you're here,
you'll never
want to leave.
"A thrilling
story of
corporate
espionage at
the highest
level . . . and a
powerful
cautionary
tale about
technology,

runaway
capitalism,
and the
nightmare
world we are
making for
ourselves."—B

Reviews
Paxton never
thought he'd
be working for
Cloud, the
giant tech
company
that's eaten
much of the
American
economy.
Much less that
he'd be
moving into
one of the
company's
sprawling live-
work facilities.
But compared

to what's left
outside,
Cloud's bland
chainstore life
of gleaming
entertainment
halls, open-
plan offices,
and vast
warehouses...
well, it doesn't
seem so bad.
It's more than
anyone else is
offering.
Zinnia never
thought she'd
be infiltrating
Cloud. But
now she's
undercover,
inside the
walls, risking
it all to ferret
out the
company's
darkest
secrets. And
Paxton, with
his ordinary
little hopes
and fears? He

just might
make the
perfect pawn.
If she can bear
to sacrifice
him. As the
truth about
Cloud unfolds,
Zinnia must
gamble
everything on
a desperate
scheme—one
that risks both
their lives,
even as it
forces Paxton
to question
everything
about the
world he's so
carefully
assembled
here.
Together,
they'll learn
just how far
the company
will go...to
make the
world a better
place. Set in

the confines of a corporate panopticon that's at once brilliantly imagined and terrifyingly real, *The Warehouse* is a near-future thriller about what happens when Big Brother meets Big Business--and who will pay the ultimate price. Praise for *The Warehouse* "A fun, fast-paced read [that] walks a fine line between a near-future thriller and a smart satire . . . makes you wonder if we're already too far into a

disastrous future, or if there's still some hope for humanity."—NPR "I loved *The Warehouse*, although and because it made my blood run cold. This is what our world could be by this time next year."—S.J. Rozan, Edgar award-winning author of *Paper Son* "An inventive, addictive, Crichton-esque, page-turning, near-future dystopian thriller."—Paul Tremblay, *Stoker* award-

winning author of *A Head Full of Ghosts* of *Lock Every Door* *Sexy Nerd Dell* In a smart, entertaining, reassuring book that reads like fiction, Alexandra Robbins manages to cross *Gossip Girl* with *Freaks and Geeks* and explain the fascinating psychology and science behind popularity and outcasthood. She reveals that the things that set students apart in high school are the things

that help them stand out later in life. Robbins follows seven real people grappling with the uncertainties of high school social life, including: The Loner, who has withdrawn from classmates since they persuaded her to unwittingly join her own hate club The Popular Bitch, a cheerleading captain both seduced by and trapped within her clique's perceived prestige The Nerd, whose differences cause

students to laugh at him and his mother to needle him for not being "normal" The New Girl, determined to stay positive as classmates harass her for her mannerisms and target her because of her race The Gamer, an underachiever in danger of not graduating, despite his intellect and his yearning to connect with other students The Weird Girl, who battles discrimination and gossipy

politics in school but leads a joyous life outside of it The Band Geek, who is alternately branded too serious and too emo, yet annually runs for class president In the middle of the year, Robbins surprises her subjects with a secret challenge--experiments that force them to change how classmates see them. Robbins intertwines these narratives--often triumphant,

occasionally heartbreaking, and always captivating-- with essays exploring subjects like the secrets of popularity, being excluded doesn't mean there's anything wrong with you, why outsiders succeed, how schools make the social scene worse-- and how to fix it. The Geeks Shall Inherit the Earth is not just essential reading for students, teachers, parents, and anyone who

deals with teenagers, but for all of us, because at some point in our lives we've all been on the outside looking in. Team Geek Entangled: Teen Not gonna lie to you. When he walked into my restaurant, I thought he was the hottest man I'd ever seen in person. And then he spoke. And I realized who he was. The world now knows him as John Brandt-- ridiculously wealthy handsome genius

workaholic startup founder and tech entrepreneur. I will always think of him as the annoying geek who was my brother's best friend. He yanked my pigtails and called me Tiny Dancer. I put rubber snakes in his sleeping bag and called him Johnny B. Nerdballs. Market research has told him that he needs a girlfriend for an important business trip and gala event. He says he doesn't want to bring someone that

he has to impress or make an effort with, so he thought of me and figures I could use a nice vacation from my life right now. He is one cocky nerd. Even if he's right. I need the money and he can actually help me with my career, but I think he needs to be schooled in the art of treating a lady right. Lucky for him, I am just the woman to finally teach him...Turns out his total lack of social skills does not

correspond to a lack of skills in the bedroom. At all. He even teaches me a few new tricks. Every time he opens his obnoxious mouth, I can't believe this guy's for real. Every time he touches me, every time he reminds me of who I was before I started to lose myself in the big city, I can't believe that what we have right now is fake. I'm afraid that by the end of the month, either I will have punched him in the face or

the last man on earth that I ever thought I'd fall in love with will have broken my heart. Or both.***please note that Sexy Nerd was originally published as Cocky Nerd. Only the title has changed. The content is the same.
Nerd Camp 2.0 "O'Reilly Media, Inc."
 From Amazon.com bestselling author Cassie Mae comes HOW TO DATE A NERD, the first in a hilarious and heartwarming series of "HOW TO"

books. Next in the series are: HOW TO SEDUCE A BAND GEEK and HOW TO HOOK A BOOKWORM! "OMG. OMG. OMG. Hilarious. I heart this book so much." -- Karen Jensen "This book is so freaking awesome. I can't wait to read the next one." -- Mary Bean "As an adult who reads Young Adult books, this one is refreshing and funny. I want to read Cassie's other books." -- Anonymous

Zoe has a great pair of legs, perky boobs, and wears exactly what she needs to show it all off. She works hard for the easy sleazy 'you only wish you were me' reputation, burying who she really is- an all-out nerd. The only time Zoe gets to be herself is when she hides under her comforter to read X-Men comics, sending jealousy stabs at everyone who attends Comic-Con. Keeping up her popular

rep is too important, and she's so damn insecure to care about the consequences . But when Zoe's sister takes her car for a 'crash and burn into a tree' joyride, her parents get her a replacement. A manual. Something she doesn't know how to operate, but her next door neighbor Zak sure as heck does. Zak's a geek to the core, shunned by everyone in school for playing Dungeons and Dragons at

lunch and wearing "Use the Force" t-shirts. And Zoe's got it bad for the boy. Only Zak doesn't want Popular Zoe. He wants Geek Zoe. She has to shove her insecurities and the fear of dropping a few rungs on the social ladder aside to prove to Zak who she really is and who she wants to be... if she can figure it out herself. *Best Nerds Forever* jimmy patterson Looking forward to returning to

his beloved summer enrichment camp, Gabe is horrified by a wildfire that causes his super-cool stepbrother's camp of equally cool campers to join Nerd Camp, prompting a clash between the two groups. By the author of *Standing for Socks*. *Just a Geek* Abrams NERDS combines all the excitement of international espionage with all the awkwardness of elementary

school, and the results are hilarious. A group of unpopular fifth graders run a spy network from inside their school. With the help of cutting-edge science, they transform their nerdy qualities into incredible abilities! Their enemies? An array of James Bond-style villains, each with an evil plan more diabolical and more ridiculous than the last. Publishers Weekly raved: "Buckley has a flair for

exaggerated humor.” School Library Journal said: “Funny, clever, and thoroughly entertaining.”

The Summer I Became a Nerd

Andersen Press Limited
 Rachael Bennett is a book nerd. A serious, hardcore book nerd. She has spent most of her life hiding in the stacks, making her way from adventure to adventure. Never leaving the pages to take any of her own. Until she discovers a new genre

that opens her eyes to a whole new world of possibilities: Reverse Harem. When an old crush, cute skater, and broody art teacher come into her life will she be able to put down her books long enough to write her own love story or will she stay safe behind the pages she knows so well? Their Book Nerd is a contemporary reverse harem/poly novel. It is the first in the Midland Springs

Series. Each book will take place in the fictitious small-ish town of Midland Springs, Florida. And each book follows a new love story. This series is interconnected, but each book can be read as a standalone.*** Contains adult language and sexual content including m/m

Nerd Do Well
 Entangled:
 Teen
 A laugh-out-loud romantic comedy featuring kilted musicians, Renaissance Faire tavern

wenches, and an unlikely love story. LibraryReads Pick Stacey is jolted when her friends Simon and Emily get engaged. She knew she was putting her life on hold when she stayed in Willow Creek to care for her sick mother, but it's been years now, and even though Stacey loves spending her summers pouring drinks and flirting with patrons at the local Renaissance Faire, she wants more out of life.

Stacey vows to have her life figured out by the time her friends get hitched at Faire next summer. Maybe she'll even find The One. When Stacey imagined "The One," it never occurred to her that her summertime Faire fling, Dex MacLean, might fit the bill. While Dex is easy on the eyes onstage with his band The Dueling Kilts, Stacey has never felt an emotional connection with him. So when she receives a

tender email from the typically monosyllabic hunk, she's not sure what to make of it. Faire returns to Willow Creek, and Stacey comes face-to-face with the man with whom she's exchanged hundreds of online messages over the past nine months. To Stacey's shock, it isn't Dex—she's been falling in love with a man she barely knows. *Everything All at Once* Penguin New York

Times and USA Today Bestseller Viral sensation and Emmy Award-winner Leslie Jordan regales fans with entertaining stories about the odd, funny, and unforgettable events in his life in this unmissable essay collection that echoes his droll, irreverent voice. When actor Leslie Jordan learned he had “gone viral,” he had no idea what that meant or how much his life was about to change. On

Instagram, his uproarious videos have entertained millions and have made him a global celebrity. Now, he brings his bon vivance to the page with this collection of intimate and sassy essays. Bursting with color and life, dripping with his puckish Southern charm, *How Y’all Doing?* is Leslie doing what Leslie does best: telling stories that make us laugh and lift our spirits even in the darkest days. Whether he’s

writing about his brush with a group of ruffians in a West Hollywood Starbucks, or an unexpected phone call from legendary Hollywood start Debbie Reynolds, Leslie infuses each story with his fresh and saucy humor and pure heart. *How Y’all Doing?* is an authentic, warm, and joyful portrait of an American Sweetheart—a Southern Baptist celebutante,

first-rate raconteur, and keen observer of the odd side of life whose quirky wit rivals the likes of Amy Sedaris, Jenny Lawson, David Rakoff, and Sarah Vowell. *She Memes Well Seal Press* Dan Garrett has become exactly what he hates—popular. Until recently, he was just another live-action role-playing nerd on the lowest rung of the social ladder. Cue a massive growth spurt and an

uncanny skill at taking three-point shots in basketball and voilà...Mr. Popular. It's definitely weird. And the biggest drawback? Going from high school zero to basketball hero cost Dan the secret girl of his dorky dreams. A band geek with an eclectic fashion sense, Zelda Potts's "coolness" stat is about minus forty-two. Dan turning his back on her and the rest of nerd-dom was

brutal enough, but when he humiliates her at school, Zelda decides it's time for a little revenge—dork style. Never mind that she used to have a crush on him. Never mind that her plan could backfire big time. It's time to roll the dice...and hope like freakin' hell she doesn't lose her heart in the process. *Full Circle* "O'Reilly Media, Inc." In a treatment center for eating disorders, teenagers Shoshana and

Rowan develop an intense, sometimes destructive connection. Ultimately, the girls will have to make a choice: get healthy on their own—or stay sick together.

Nerd Do Well

Ballantine Books
Zombies in North London, death cults in the West Country, the engineering deck of the Enterprise: Simon Pegg has been ploughing some bizarre furrows in recent times.

Nerd Do Well

St. Martin's Griffin
On the outside, seventeen-year-old Madelyne Summers looks like your typical blond cheerleader—perky, popular, and dating the star quarterback.

But inside, Maddie spends more time agonizing over what will happen in the next issue of her favorite comic book than planning pep rallies with her squad. That she's a nerd hiding in a popular girl's body isn't just

unknown, it's anti-known. And she needs to keep it that way. Summer is the only time Maddie lets her real self out to play, but when she slips up and the adorkable guy behind the local comic shop's counter uncovers her secret, she's busted. Before she can shake a pom-pom, Maddie's whisked into Logan's world of comic conventions, live-action role-playing, and first-person-shooter video games. And

she loves it. But the more she denies who she really is, the deeper her lies become...and the more she risks losing Logan forever. *The Nerd Who Loved Me* Citadel How humans and technology evolve together in a creative partnership. In this book, Edward Ashford Lee makes a bold claim: that the creators of digital technology have an unsurpassed medium for creativity.

Technology has advanced to the point where progress seems limited not by physical constraints but the human imagination. Writing for both literate technologists and numerate humanists, Lee makes a case for engineering—creating technology—as a deeply intellectual and fundamentally creative process. Explaining why digital technology has been so transformative

and so liberating, Lee argues that the real power of technology stems from its partnership with humans. Lee explores the ways that engineers use models and abstraction to build inventive artificial worlds and to give us things that we never dreamed of—for example, the ability to carry in our pockets everything humans have ever published. But he also attempts to counter the runaway enthusiasm of

some technology boosters who claim everything in the physical world is a computation—that even such complex phenomena as human cognition are software operating on digital data. Lee argues that the evidence for this is weak, and the likelihood that nature has limited itself to processes that conform to today's notion of digital computation is remote. Lee goes on to

argue that artificial intelligence's goal of reproducing human cognitive functions in computers vastly underestimate s the potential of computers. In his view, technology is coevolving with humans. It augments our cognitive and physical capabilities while we nurture, develop, and propagate the technology itself. Complementarity is more likely than competition. *Revenge of*

the Nerd Random House Having doubts about your next step? Ask yourself what artist Frida Kahlo would do in this “beautiful volume . . . sure to inspire” (Boston Globe). NAMED A BEST GIFT BOOK OF THE YEAR BY: Instyle, Oprah Daily, Business Insider, Esquire, Boston Globe, and Redbook Revered as much for her fierce spirit as she is for her art, Frida

Kahlo stands today as a feminist symbol of daring creativity. Her paintings have earned her admirers around the world, but perhaps her greatest work of art was her own life. What *Would Frida Do?* celebrates this icon's signature style, outspoken politics, and boldness in love and art—even in the face of hardship and heartbreak. We see her tumultuous marriage with

the famous muralist Diego Rivera and rumored flings with Leon Trotsky and Josephine Baker. In this irresistible read, writer Arianna Davis conjures Frida's brave spirit, encouraging women to create fearlessly and stand by their own truths. *The Nerd and the Neighbor* HarperCollins Risky Business. *Revenge of the Nerds*. *Better Off Dead*. *Moonlighting*. *Supernatural*. *American Dad*.

New Girl. What do all of these movies and television shows have in common? Curtis Armstrong. A legendary comedic second banana to a litany of major stars, Curtis is forever cemented in the public imagination as Booger from *Revenge of the Nerds*. A classically trained actor, Curtis began his incredible 40-year career on stage but progressed rapidly to film and television. He was typecast early

and it proved to be the best thing that could have happened. But there's more to Curtis' story than that. Born and bred a nerd, he spent his early years between Detroit, a city so nerdy that the word was coined there in 1951, and, improbably, Geneva, Switzerland. His adolescence and early adulthood was spent primarily between the covers of a book and indulging his nerdy obsessions. It

was only when he found his true calling, as an actor and unintentional nerd icon, that he found true happiness. With whip-smart, self-effacing humor, Armstrong takes us on a most unlikely journey—one nerd's hilarious, often touching rise to the middle. He started his life as an outcast and matured into...well, an older, slightly paunchier, hopefully wiser outcast. In Hollywood, as in life, that counts as

winning the game. *Still Just a Geek* Simon and Schuster Andrea Barber grew up in front of the world on the beloved sitcom Full House, but then abruptly left Hollywood. Why did she leave and what did she do for twenty years out of the spotlight before returning to television? Find out in her funny and inspiring memoir about fame, heartache, resilience--and the reboot of a

lifetime... Andrea Barber is known to millions worldwide as Kimmy Gibbler, star of the hit 90s sitcom Full House, and the Netflix sequel, Fuller House. In this funny, heartfelt book, Andrea takes readers behind the scenes of her odd Hollywood career and beyond. She shares how anxiety, particularly postpartum anxiety, derailed her life, and how she was able to take back control and

serve as inspiration for others. Refreshingly honest and deeply personal, Andrea writes in a way that feels like catching up with an old friend. Get ready to laugh, reminisce, and finally get to know the woman behind the zany next door neighbor . . . When Kimmy Gibbler burst into the Tanners' home on Full House in 1987, audiences immediately connected with the

confident and quirky pre-teen character, played by ten-year-old actress Andrea Barber. During an eight-season run on one of the most popular series of the '80s and '90s, Andrea came of age in front of millions. But she was as far removed from her character as a girl can get. The introverted young star was plagued with self-doubt, insecurities, and debilitating

anxieties that left her questioning her identity after the show's cancelation. Andrea wouldn't return to the public eye until 2016, for *Fuller House*. So what happened in those intervening decades that Andrea jokingly calls "the lost years?" For starters, Andrea never stopped working. But it was on a series of life-changing transitions: earning a college

degree, then a Master's, building a career in international education, getting married, and starting a family. She also faced some unforeseeable transitions: navigating a sudden divorce after nearly twelve years of marriage, and second-guessing her capabilities as a single mother. But it was her devastating bout with post-partum anxiety and depression that derailed

Andrea's life--and became a crucial turning point. *Full Circle* is a raw, refreshingly honest look into the life of a celebrity who has never been fully comfortable in the spotlight. Here Andrea shares her deeply personal struggles with mental health in a way she has never done before. She opens up about fighting her way back and finding solace--while finding herself--all before her life came full circle with her

costars and lifelong friends on Fuller House. Sharing her journey from child star, to champion of mental health, and back to stardom, Andrea writes in a way that feels like catching up with an old friend. You'll laugh, reminisce, and finally get to know the woman behind the zany next door neighbor. "Funny, smart, inspiring, raw, and honest." -- Candace Cameron Bure "A great read from a multi-talented

actress, author, and comedienne!" --Jodie Sweetin "Brave, open, and so very human." --Tan France, Queer Eye, and author of Naturally Tan "Prepare to be entertained and inspired." --Lori Gottlieb, New York Times bestselling author of Maybe You Should Talk to Someone: A Therapist, Her Therapist, and Our Lives Revealed "Andrea speaks from her heart with language that every mom,

every person, can relate to. . . Wonderfully written." -- Karen Kleiman, Founder, The Postpartum Stress Center, author of Good Moms Have Scary Thoughts [How Y'all Doing?](#) Lainey Davis For Genevieve Terrence it seemed like a dream come true: a weekend alone on Maui with her sexy boss, Nick Brogan. But little did she know that Nick had dreams of his own--a nefarious

scheme that nearly got her killed on the flight over the Pacific. Lucky for her, brilliant computer programmer Jack Farley was on board and quick-witted enough to crash-land the plane. Now Jack is her sole companion on a remote desert island with nothing but guava trees and sharks for company. Who'd expect the shy genius--and the least alpha male she knows--to turn out to be

the uninhibited stud of her wildest dreams? Saving Genevieve's life has made Jack a hero in the eyes of the woman he has secretly lusted after for months. Now they're alone together in a tropical eden where they're free to give in to their every sensual whim. But when some nasty unfinished business puts them at risk again, Gen will learn there's nothing quite as dangerous as a fully

aroused ex-nerd who'll move heaven and earth to protect the woman he loves... From the Paperback edition. *The Warehouse* HarperCollins Celebrated actor, personality, and all-around nerd, Wil Wheaton updates his memoir of collected blog posts with all new material and annotations as he reexamines one of the most interesting lives in Hollywood and fandom--and

now for the first time in audio, narrated by Wil himself! From starring in *Stand by Me* to playing Wesley Crusher on *Star Trek: The Next Generation* to playing himself, in his second (third?) iconic role of Evil Wil Wheaton in *The Big Bang Theory*, to becoming a social media supernova, Wil Wheaton has charted a career course unlike anyone else, and has emerged as one of the most popular

and well respected names in science fiction, fantasy and pop culture. Back in 2001, Wil began blogging on wilwheaton.net. Believing himself to have fallen victim to the curse of the child actor, Wil felt relegated to the convention circuit, and didn't expect many would want to read about his random experiences and personal philosophies. Yet, much to his surprise,

people were reading. He still blogs, and now has an enormous following on social media with well over 3 million followers. In *Still Just a Geek*, Wil revisits his 2004 collection of blog posts, *Just a Geek*, filled with insightful and often laugh-out-loud annotated comments, additional later writings, and all new material written for this publication. The result is an incredibly raw and

honest memoir, in which Wil opens up about his life, about falling in love, about coming to grips with his past work, choices, and family, and finding fulfillment in the new phases of his career. From his times on the Enterprise to his struggles with depression to his starting a family and finding his passion--writing--Wil Wheaton is someone whose life is both a cautionary

tale and a story of finding one's true purpose that should resonate with fans and aspiring artists alike. *Geek Love* Simon and Schuster From comedian Quinta Brunson comes a deeply personal and funny collection of essays featuring anecdotes about trying to make it when you're broke, overcoming self-doubt and depression, and how she's

used humor to navigate her career in unusual directions. Quinta Brunson is a master of viral Internet content: without any traditional background in media, her humorous videos were the first to break through on Instagram's platform, receiving millions of views. From there, Brunson's wryly observant POV attracted the attention of BuzzFeed's motion picture development

department, leading her to produce viral videos there about topics like interracial dating, millennial malaise, and seeing your ex in public. Now, Brunson is bringing her comedic chops to the page in *She Memes Well*, an earnest, laugh-out-loud collection about her weird road to Internet notoriety. In her debut essay collection, *Quinta* applies

her trademark humor and heart to discuss what it was like to go from student loan debt-broke to "halfway recognizable--'don't I know you somewhere?'" level-of-fame. With anecdotes that range from the funny and zany--like her experience trying to find her signature hairstyle--to more grounded material about living with

depression, Brunson's voice is entirely authentic and eminently readable. Perfect for fans of Phoebe Robinson's *You Can't Touch My Hair*, Samantha Irby's *We Are Never Meeting in Real Life*, and Issa Rae's *The Misadventures of Awkward Black Girl*, *She Memes Well* will charm and entertain a growing, engaged audience.
