The pirates of the Caribbean have a name for kids who can walk on water -- they call them polliwogs. As far as 14-year-old Jolly knows, she's the last polliwog still alive. She is valuable to the pirate captain who raised her, for she can sneak up on an enemy ship by walking over the waves. When someone sets a trap for Jolly's ship, Jolly alone escapes. She is washed up on a tiny island inhabited by a farming family -- and the ghosts who labor for them. The farmers have a son, Munk, who has been raised almost in hiding. Munk longs to go to sea, but his parents say that they are afraid of pirates, and they have forbidden Munk to reveal his true identity -- he, too, is a polliwog. But pirates are not the only threat in the Caribbean. Evil forces are stirring, and a demon from the sea attacks and murders Munk's parents. Was the demon really after Munk? And Jolly, too? Why are the polliwogs so valuable, and who wants them enough to kill for them? Jolly and Munk must sail with a strange crew of outcasts, led by the mysterious Ghost Trader, to avenge their loved ones and try to stop an ancient, malevolent force known as the Maelstrom. What it will cost both teens, no one can tell -- in this thrilling, swashbuckling fantasy from the extraordinary Kai Meyer.

Comparative Literature is changing fast with methodologies, topics, and research interests emerging and reemerging. The fifth volume of ICLA 2016 proceedings, *Dialogues between Media*, focuses on the current interest in inter-arts studies, as well as papers on comics studies, further testimony to the fact that comics have truly arrived in mainstream academic discourse. "Adaptation" is a key term for the studies presented in this volume; various articles discuss the adaptation of literary source texts in different target media - cinematic versions, comics adaptations, TV series, theatre, and opera. Essays on the interplay of media beyond adaptation further show many of the strands that are woven into dialogues between media, and thus the expanding range of comparative literature.

Presented from the perspectives of a

former FBI profiler and a forensic violence-risk expert, *Profiling Violent Crime: A Behavioral and Forensic Approach* educates readers about the nature of criminal profiling including how it works, the techniques it draws on, the types of offenders it applies to, and the psychological make-ups of those offenders. Drawing from technique, as well as from theory and the latest clinical research, *Profiling Violent Crime* delves into precisely what it means to profile. Students learn what it's like to be on the ground as an FBI profiler, dispelling myths and detailing the actual process. Subsequent chapters detail crime scene analysis; determination of the type of offender that may be at work; the fascinating interplay between mental illness and criminality; and breakdowns of the various types of criminal offenders including stalkers, murderers, rapists, mass murderers, and serial killers. The book also offers multiple real-life case examples to shed light further into the criminal mind. Rooted in the authors' personal experience in law enforcement and forensic psychology *Profiling Violent Crime* is an excellent text for courses in criminal justice, psychological profiling, and forensic psychology. It provides readers with real, intimate insight into criminal profiling, addressing its strengths and drawbacks, as well as offering a glimpse of where this crucial field has yet to go. Peter M. Klismet, Jr. holds a master's degree in criminal justice from California Lutheran University and another in public administration from the University of Southern California. He is a former agent with the Federal Bureau of Investigation, and was one of the first formally-trained psychological profilers within the Agency. He served in law enforcement for over thirty years before joining the

faculty at Pikes Peak Community College as an associate professor of criminal justice, going on to chair the department. He is now the founder and director of Criminal Profiling Associates, a law enforcement consulting company. Dr. Clarissa Cole received her master's and doctoral degrees in clinical psychology from Baylor University, and began her career by working at Napa State Hospital. More than a decade ago, she transferred to the California Department of Corrections and Rehabilitation. Currently, she is a senior forensic psychologist in an experimental program--the first of its kind, in the United States--wherein she supervises violence-risk assessments for the Board of Parole Hearings. Along with specializing in violence risk, Dr. Cole co-hosts a weekly true-crime radio show, and maintains her own blog/opinion page.

This book focuses on the significantly under-explored relationship between televisual culture and adaptation studies in what is now commonly regarded as the 'Golden Age' of contemporary TV drama. *Adaptable TV: Rewiring the Text* does not simply concentrate on traditional types of adaptation, such as reboots, remakes and sequels, but broadens the scope of enquiry to examine a diverse range of experimental adaptive types that are emerging within an ever-changing TV landscape. With a particular focus on the serial narrative form, and with case studies that include *Penny Dreadful*, *Fargo*, *The Night Of* and *Orange is the New Black*, this study is essential reading for anyone who is interested in the complex interplay between television studies and adaptation studies.

The Promised Land Dc Comics

A sports-crazed kid from Bensonhurst, Brooklyn, Gary David Goldberg never imagined he'd end up in Hollywood, let alone make it big there. But as a twenty-five-year-old waiter in Greenwich Village he met Diana, the love of his life; followed her out to Northern California; then moved in and never moved out. He also, without realizing it, put himself on track to found UBU Productions (named after his beloved Labrador retriever) and become a successful creator of such family sitcoms as *Family Ties*, *Brooklyn Bridge*, and *Spin City*. * In *Sit, Ubu, Sit*, award-winning writer/producer Goldberg tells the mostly upbeat, sometimes difficult, and frequently hilarious tale of his improbable career and the people who have filled it. A love story and a rare behind-the-scenes look at the entertainment industry, *Sit, Ubu, Sit* proves that it is possible to be creative

and successful while holding on to your integrity, your family, and your sense of humor. *with Bill Lawrence

THE FIRST AND ONLY BIOGRAPHY OF ONE OF MUSIC'S MOST INFLUENTIAL AND ENIGMATIC CHARACTERS. Dave Gahan's extraordinary life as the frontman of one of modern music's most successful bands is a tale unrivalled in rock and roll folklore. From a colourful childhood and youth in Essex, Gahan went on to become a huge star all over the world. For years each Depeche Mode album was more successful than the one before but in 1995 the increasing pressures on the band and within Gahan's personal life almost killed him. From this harrowing abyss, Gahan has bounced back and forged a new acclaimed career as a solo artist. Gahan's stunning rehabilitation as a songwriter and rejuvenated frontman means he deserves his own chapter in music history - this unauthorised biography includes new and exclusive interviews with numerous people who've worked with and around Gahan. Aside from recounting his turbulent private battles, this first ever book on Gahan examines his musical legacy and suggests he is arguably Britain's most under-rated and interesting rock vocalist. Recounted for the very first time, Gahan's tale away from his band-mates overshadows even the remarkable story of Depeche Mode - the combination of his difficult yet triumphant story plus the thrilling music he has recorded, make this a story like no other in rock and roll history.
