"This biography traces the output of jazz master Charles Mingus--his recordings, his compositions, and his writings--highlighting key moments in his life and musicians who influenced him and were influenced by him. As a young man, Mingus played with Louis Armstrong as well as with Kid Ory. Mingus also played in bands led by Duke Ellington, Charlie Parker, Lionel Hampton, Red Norvo, Art Tatum, and many others. He began leading his own bands in New York City in 1955. Eric Dolphy, Rahsaan Roland Kirk, Jimmy Knepper, Jackie McLean, Toshiko Akiyoshi, Cat Anderson, and Jaki Byard are among the many distinguished jazz artists who made music with Mingus during the 1950s, 1960s, and 1970s. In addition to leaving behind a large collection of compelling recordings by large and small units, Mingus was also a talented writer. His autobiography, *Beneath the Underdog: His World Composed by Mingus*, is unlike any other book by a major jazz artist. Mingus creates vivid portraits of the many people who passed through his life and tells his story with compelling prose. Mingus also wrote a good deal of poetry and prose, all of it reflecting his unique vision. In 1977 he was diagnosed with amyotrophic lateral sclerosis. After several months of steady deterioration, he died in 1979 in Mexico"--Provided by publisher.

The Stooges Brass Band always had big dreams. From playing in the streets of New Orleans in the mid-1990s to playing stages the world over, they have held fast to their goal of raising brass band music and musicians to new heights—professionally and musically. In the intervening years, the band's members have become family, courted controversy, and trained a new generation of musicians, becoming one of the city's top brass bands along the way. Two decades after their founding, they have decided to tell their story. *Can't Be Faded: Twenty Years in the New Orleans Brass Band* Game is a collaboration between musician and ethnomusicologist Kyle DeCoste and more than a dozen members of the Stooges Brass Band, past and present. It is the culmination of five years of interviews, research, and writing. Told with humor and candor, it's as much a personal account of the Stooges' careers as it is a story of the city's musicians and, even more generally, a coming-of-age tale about black men in the United States at the turn of the twenty-first century. DeCoste and the band members take readers into the barrooms, practice rooms, studios, tour vans, and streets where the music is made and brotherhoods are shaped and strengthened. Comprised of lively firsthand accounts and honest dialogue, *Can't Be Faded* is a dynamic approach to collaborative research that offers a sensitive portrait of the humans behind the horns.

This is a comprehensive biography of a brilliant musician who forever shaped the course of ska, reggae, and popular music worldwide, only to take the life of his lover and in so doing, destroy his career at the age of 30. In his short life Don Drummond created an enduring legacy despite poverty, class separation, mental illness, racial politics, and the exploitation of his work. The words of Drummond's childhood friends, classmates, musicians, medical staff, legal counsel, and teachers enliven this story of his "unusual mind." They recall the early days in the recording studio, playing the instrumental backup for Bob Marley and others, and the nights in the Rasta camps where musicians burned the midnight oil and more. They remember the gyrations of his lover, Margarita, the Rumba Queen, as she tantalized audiences at Club Havana; tell what happened that

tragic night when Drummond stabbed Margarita four times; reveal details of the trial (delayed more than a year as Drummond was ruled mentally unfit) and offer insights into Drummond's death in a mental asylum at age 35.
