Der Politiker Aldo Moro wurde 1978 von der terroristischen Organisation "Rote Brigaden" entführt und getötet. Im Verlauf der Ereignisse stilisierten die Medien Moro zum "Staatsmartyrer". Der Band geht der hochaktuellen Frage nach, welche Rolle das ursprünglich christliche Konzept des Martyrers in der Spannung zwischen demokratischem Staat und Terrorismus spielt. Was leistet dieser Begriff aus der christlichen Antike im modernen

gesellschaftspolitischen Diskurs? Welche Veränderungen hat der Terminus "Martyrer" in der Europäischen Religions- und Kulturgeschichte durchgemacht? Anhand von medialen Quellen zum Fall Moro wird eine wesentliche Phase der nachkriegszeitlichen Politik in Italien rekonstruiert. Die Studie eröffnet einen interdisziplinär angelegten theoretischen Horizont, um die Rolle religiöser Motive im gesellschaftspolitischen Kontext zu verstehen. Sie bringt eine zentrale neue Dimension in die Sakularisierungsdebatte ein, bei der Sakularisierung als neue Konfiguration von Politik und Religion verstanden wird.

This is the third and final volume of the Etymological Dictionary of Egyptian. It comprises the Egyptian words with initial m-. The amount of material offered, the extensive treatment of scholarly discussions on each item, and the insights into the connections of Egyptian and the related Afro-Asiatic (Semito-Hamitic) languages,

including many new lexical parallels, will make it an indispensable tool for comparative purposes and an unchallenged starting point for every linguist in the field. The reader will find the etymological entries even more detailed than those of the introductory volume, due to the full retrospective presentation of all etymologies proposed since A. Erman's time, and thanks to an extremely detailed discussion of all possible relevant data even on the less known Afro-Asiatic cognates to the Egyptian roots.

From the author of the critically acclaimed *Troll*, the new novel from Johanna Sinisalo is full of her trademark style, surreal invention, and savage humor. Set in Australasia, this is the story of a young Finnish couple who have embarked on the hiking trip of a lifetime, with *Heart of Darkness* as their only reading matter. Conrad's dark odyssey turns out to be a prescient choice as their trip turns into a tortuous thriller, with belongings disappearing, and they soon find themselves at the mercy of untamed nature, seemingly directed by the local kakapo—a highly intelligent parrot threatened with extinction. This is a skillful portrait of the unquenchable desire of Westerners for the pure and the primitive, revealing the dark side of the explorer's desire—the insatiable need to control, to invade, and leave one's mark on the landscape. But what happens when nature starts to fight back?

Sous les yeux de ses parents, Stéphan a été arraché à cette vie qu'il aimait intensément. Il venait d'avoir quatorze ans. Perdre un enfant c'est perdre tous ses repères. Trois longues années plus tard, l'auteur parviendra à écrire ce livre, grâce à la vision traditionnelle africaine et à l'expérimentation de la TCI, qui lui ont ouvert les yeux. La disparition brutale de son enfant a fait remonter à la surface cette sagesse enfouie " Je n'étais qu'un aveugle de l'intérieur... Je pensais que la mort était une fin, maintenant je sais qu'il n'en est rien. Mon enfant m'a tout simplement devancé, je le retrouverai bientôt, très bientôt. "

Salvator Rosa (1615--1673) was a colorful and controversial Italian painter, talented musician, a notable comic actor, a prolific correspondent, and a successful satirist and poet. His paintings, especially his rugged landscapes and their evocation of the sublime, appealed to Romantic writers, and his work was highly influential on several generations of European writers. James S. Patti analyzes Rosa's tremendous influence on French writers,

chiefly those of the nineteenth century, such as Stendhal, Honoré de Balzac, Victor Hugo, George Sand, and Théophile Gautier. Arranged in chronological order, with numerous quotations from French fiction, poetry, drama, art criticism, art history, literary history, and reference works, *Salvator Rosa in French Literature* forms a narrative account of the reception of Rosa's life and work in the world of French letters.

Ancestral fault is a core idea of Greek literature. 'The guiltless will pay for the deeds later: either the man's children, or his descendants thereafter', said Solon in the sixth century BC, a statement echoed throughout the rest of antiquity. This notion lies at the heart of ancient Greek thinking on theodicy, inheritance and privilege, the meaning of suffering, the links between wealth and morality, individual responsibility, the bonds that unite generations and the grand movements of history. From Homer to Proclus, it played a major role in some of the most critical and pressing reflections of Greek culture on divinity, society and knowledge. The burning modern preoccupation with collective responsibility across generations has a long, deep antecedent in classical Greek literature and its reception. This book retraces the trajectories of Greek ancestral fault and the varieties of its expression through the many genres and centuries where it is found.

A stunning, evocative novel set in Ireland and Canada, *Away* traces a family's complex and layered past. The narrative unfolds with shimmering clarity, and takes us from the harsh northern Irish coast in the 1840s to the quarantine stations at Grosse Isle and the barely hospitable land of the Canadian Shield; from the flourishing town of Port Hope to the flooded streets of Montreal; from Ottawa at the time of Confederation to a large-windowed house at the edge of a Great Lake during the present day.

Graceful and moving, *Away* unites the personal and the political as it explores the most private, often darkest corners of our emotions where the things that root us to ourselves endure.

Powerful, intricate, lyrical, *Away* is an unforgettable novel.

Pourquoi lire la littérature française du XXème siècle? Dans le 20ème siècle, comme dans le 19ème, le roman était la forme

principale de l'exploit littéraire. Bien entendu l'impact sur la littérature de tels facteurs comme les changements vastes dans le climat politique, la nouvelle concentration sur la culture moderne de l'occident, les grandes guerres, le développement de maisons d'édition majeures, l'introduction du livre de poche, et l'évolution des cinémas ont été des changements très grandes, et donc de signification française qui a maintenu depuis les origines une inquiétude pour les questions morales, la liberté individuelle et caractère humain, et, au-dessus de tout, le respect pour la langue et forme. Ce guide vous aidera dans votre trajet parmi les événements, courants de politique et des idées, etc., illustrés dans la littérature française d'un point de vue uniquement français.
