WINNER OF THE 2017 LEIPZIG BOOK FAIR PRIZE—When Natascha Wodin's mother died, Natascha was only ten years old—to young to find out what her mother had experienced during World War II. All the little girl knew was that they were detritus, human debris left over from the war. Years later, Natascha set out on a quest to find out what happened to her mother during that time. Why had they lived in a camp for "displaced persons"? Where did her mother come from? What had she experienced? The one thing she knew is that her parents had to leave Mariupol in Ukraine for Germany as part of the Nazi forced labor program in 1943. Armed with this limited knowledge, Natascha resolved to piece together the puzzle of her family's past. The result is a highly praised, beautiful piece of prose that has drawn comparisons to W. G. Sebald in its approach. Like Sebald, Natascha's aim is to reclaim the stories of those who can no longer speak for themselves. The author is not only in search of her own family's history, but she is also aware that she is charting unmarked territory: accounts of the plight of forced laborers and displaced persons are still a rarity within literature about World War II and its atrocities. Natascha's personal homage to her mother's life story is an important lyrical memorial for the thousands of Eastern Europeans who were forced to leave their homes and work in Germany during the war, and a moving reflection of the plight of displaced peoples throughout the ages. This is a darkly radiant account of one person's fate, developing momentous emotive power—its subject serves as a proxy for the fate of millions.

JüKlopp's coaching career began in the German second tier at the unfashionable club of FSV Mainz 05, whom he steered to the Bundesliga for the first time in forty-one years. In 2008, he joined Borussia Dortmund, where he achieved back-to-back league titles and took the club to the UEFA Champions League final. He left Germany for one of the England's most challenging jobs: to manage Liverpool, a once-mighty club that had not managed sustained success since the 1980s. It was not a task for the fainthearted. Anfield, Liverpool's home, is a temple to flamboyant attacking soccer powered by passion. In Klopp, Liverpool finally found a manager who embodied the essence of the club. Klopp is dynamic, expressive, restless, driven—he feels every move and play, every tactical shift, every contact on the field. His eyes betray a wild ecstasy and agony as his team thrives or falls. His game plan demands relentless commitment—the famous gegenpress—and he is one of the great personal motivators in all sport. Raphael Honigstein, author of *Das Reboot* and Bundesliga correspondent for the Guardian, has interviewed Klopp and followed his career since his early years, and better than anyone knows how to "bring the noise" to his subject.

*Pokémon Epic Sticker Collection: From Kanto to Alola* Workman Publishing

From one of Britain's most distinguished historians and the bestselling author of *Hitler*, this is the definitive history of a

divided Europe, from the aftermath of the Second World War to the present. After the overwhelming horrors of the first half of the 20th century, described by Ian Kershaw in his previous book as having gone 'to Hell and back', the years from 1950 to 2017 brought peace and relative prosperity to most of Europe. Enormous economic improvements transformed the continent. The catastrophic era of the world wars receded into an ever more distant past, though its long shadow continued to shape mentalities. Europe was now a divided continent, living under the nuclear threat in a period intermittently fraught with anxiety. Europeans experienced a 'roller-coaster ride', both in the sense that they were flung through a series of events which threatened

disaster, but also in that they were no longer in charge of their own destinies: for much of the period the USA and USSR effectively reduced Europeans to helpless figures whose fates were dictated to them by the Cold War. There were striking successes - the Soviet bloc melted away, dictatorships vanished and Germany was successfully reunited. But accelerating globalization brought new fragilities. The impact of interlocking crises after 2008 was the clearest warning to Europeans that there was no guarantee of peace and stability. In this remarkable book, Ian Kershaw has created a grand panorama of the world we live in and where it came from. Drawing on examples from all across the continent, Roller-Coaster will make us all rethink Europe and what it means to be European.
