Follow Bear as he visits

animal habitats around the world—and comes to appreciate his own home—in this new offering from the creator of *A Book of Sleep* and *A Book of Babies*. Bear is tired of waking up every morning in the same green forest, so he decides to search for a new place to live. He visits the birds in the trees, a mole underground, a camel in the hot desert sand, puffins in the cold arctic snow . . . only to realize his own home is the perfect place for him after

all. Welcome Home, Bear offers rich illustrations, bright colors, and a simple, spare text—all wrapped up in a beautiful, kid-friendly package. Readers meet animals in their habitats around the world—and return with Bear to the one place he is truly happy.

Beddy-bye, Baby

Ballantine Books

All around an old oak tree, baby animals are being put to bed in this sweet reimagining of a classic nursery rhyme. Rock-a-bye Squirrel, high in the tree, in Mommy's arms,

cozy as can be. The familiar lullaby takes on a new life in Jane Cabrera's cozy rendition. In the branches and beneath the roots, tucked into nooks and nests, different animals, large and small, are getting ready for bed. The baby bat nestles with its mother, the bunny burrows in safe and warm—even a cheerful, fuzzy spider settles on its sparkling web. At the end, a human father and his baby watch the tree from a distance, joining in on the sleepy song. With clever new lyrics and

bright, sweet illustrations of all kinds of animals, this is an irresistible addition to Jane Cabrera's library of refreshed nursery rhymes. . . and perfect to share with little ones you love.

ONE OF TIME MAGAZINE'S 100 BEST YA BOOKS OF ALL TIME • NEW YORK TIMES BESTSELLER A modern-day classic from Newbery Medalist Jerry Spinelli, this beloved celebration of individuality is now an original movie on Disney+! And don't

miss the author's highly anticipated new novel, *Dead Wednesday!* *Stargirl*. From the day she arrives at quiet Mica High in a burst of color and sound, the hallways hum with the murmur of "Stargirl, Stargirl." She captures Leo Borlock's heart with just one smile. She sparks a school-spirit revolution with just one cheer. The students of Mica High are enchanted. At first. Then they turn on her. Stargirl is suddenly shunned for everything that makes her different, and Leo, panicked and

desperate with love, urges her to become the very thing that can destroy her: normal. In this celebration of nonconformity, Newbery Medalist Jerry Spinelli weaves a tense, emotional tale about the perils of popularity and the thrill and inspiration of first love. Don't miss the sequel, *Love, Stargirl*, as well as *The Warden's Daughter*, a novel about another girl who can't help but stand out. "Spinelli is a poet of the prepubescent. . . . No writer guides his young

characters, and his readers, past these pitfalls and challenges and toward their futures with more compassion.”

The Optical Unconscious is a pointed protest against the official story of modernism and against the critical tradition that attempted to define modern art according to certain sacred commandments and self-fulfilling truths. The account of modernism presented here challenges

the vaunted principle of "vision itself." And it is a very different story than we have ever read, not only because its insurgent plot and characters rise from below the calm surface of the known and law-like field of modernist painting, but because the voice is unlike anything we have heard before. Just as the artists of the optical unconscious assaulted the idea of autonomy and visual mastery, Rosalind Krauss abandons the historian's voice of objective detachment and forges a

new style of writing in this book: art history that insinuates diary and art theory, and that has the gait and tone of fiction. The Optical Unconscious will be deeply vexing to modernism's standard-bearers, and to readers who have accepted the foundational principles on which their aesthetic is based. Krauss also gives us the story that Alfred Barr, Meyer Shapiro, and Clement Greenberg repressed, the story of a small, disparate group of artists who defied modernism's most

cherished self-descriptions, giving rise to an unruly, disruptive force that persistently haunted the field of modernism from the 1920s to the 1950s and continues to disrupt it today. In order to understand why modernism had to repress the optical unconscious, Krauss eavesdrops on Roger Fry in the salons of Bloomsbury, and spies on the toddler John Ruskin as he amuses himself with the patterns of a rug; we find her in the living room of Clement Greenberg as he complains about

"smart Jewish girls with their typewriters" in the 1960s, and in colloquy with Michael Fried about Frank Stella's love of baseball. Along the way, there are also narrative encounters with Freud, Jacques Lacan, Georges Bataille, Roger Caillois, Gilles Deleuze, and Jean-François Lyotard. To embody this optical unconscious, Krauss turns to the pages of Max Ernst's collage novels, to Marcel Duchamp's hypnotic Rotoreliefs, to Eva Hesse's luminous sculptures, and to Cy

Twombly's, Andy Warhol's, and Robert Morris's scandalous decoding of Jackson Pollock's drip pictures as "Anti-Form." These artists introduced a new set of values into the field of twentieth-century art, offering ready-made images of obsessional fantasy in place of modernism's intentionality and unexamined compulsions.

Deep in the Sea Tor Books New York Times bestselling author Carrie Jones introduces sassy

alien-hunting cheerleader Mana in Flying, the launch of a sparkling new YA Science Fiction series. People have always treated seventeen-year-old Mana as someone in need of protection. She's used to being coddled, being an only child, but it's hard to imagine anything could ever happen in her small-town, normal life. As her mother's babying gets more stifling than ever, she's looking forward to cheering at the big game and getting out of the house for a while. But that

night, Mana's life goes haywire. First, the hot guy she's been crushing on at school randomly flips out and starts spitting acid during the game. Then they get into a knockdown, drag-out fight in the locker room, during which Mana finds herself leaping around like a kangaroo on steroids. As a flyer on the cheerleading squad, she's always been a good jumper, but this is a bit much. By the time she gets home and finds her house trashed and an alien in the garage, Mana starts to wonder if her

mother had her reasons for being overprotective. It turns out, Mana's frumpy, timid mom is actually an alien hunter, and now she's missing--taking a piece of technology with her that everyone wants their hands on, both human and alien. Now her supposed partner, a guy that Mana has never met or heard of (and who seems way too young and way too arrogant to be hunting aliens), has shown up, ordering Mana to come with him. Now, on her own for the first

time, Mana will have to find a way to save her mother--and maybe the world--and hope she's up to the challenge. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Simon and Schuster Austerlitz, the internationally acclaimed masterpiece by "one of the most gripping writers imaginable" (The New York Review of Books), is the story of a man's search for the answer to

his life's central riddle. A small child when he comes to England on a Kindertransport in the summer of 1939, one Jacques Austerlitz is told nothing of his real family by the Welsh Methodist minister and his wife who raise him. When he is a much older man, fleeting memories return to him, and obeying an instinct he only dimly understands, he follows their trail back to the world he left behind a half century before. There, faced with the void at the heart of twentieth-century Europe, he

struggles to rescue his heritage from oblivion.

Flying Tor Teen

The ninth Repairman Jack novel from F. Paul Wilson brims with murder, international terrorism, sibling rivalry, and a truly infernal device. A mutual tragedy throws Jack together with his brother Tom, a judge from Philadelphia. They've never been close, and it doesn't take Jack long realize that's a good thing. Tom and he are opposites. Still, Tom convinces Jack to go on a trip to get to know each other better. He has a map locating a wreck off the coast of Bermuda and

wants Jack to help him find it. Reluctantly Jack agrees. But instead of treasure they find a strange object, part organic, part manmade, known as the Lilitongue of Gefreda. Ancient lore claims that it is a means "to elude all enemies and leave them helpless." The big question is, why does Tom want such a thing? And if the Lilitongue lives up to the legend, where does it take you? No one seems to know. Matters take a bizarre and dangerous turn--no surprise for a Repairman

Jack novel--when someone accidentally activates the Lilitongue. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The war for survival of the planet Lusitania will be fought in the heart of a child named Gloriously Bright. On Lusitania, Ender found a world where humans and pequininos and the Hive Queen could all live

together; where three very different intelligent species could find common ground at last. Or so he thought. Lusitania also harbors the descolada, a virus that kills all humans it infects, but which the pequininos require in order to become adults. The Starways Congress so fears the effects of the descolada, should it escape from Lusitania, that they have ordered the destruction of the entire planet, and all who live there. The Optical Unconscious Silhouette "YOUR DAUGHTER IS NOT YOUR BIOLOGICAL CHILD." Detective Mitch Halloran's words were enough to shatter a single mom's world. And as much as Stef Shelton wanted to fight his accusation and disprove

his claim, the quest to locate her missing child proved as irresistible as the allure of Mitch's blond good looks. Wasn't he the last man she should trust? His investigation had destroyed the family she'd worked so hard to create. But now, in spite of her fears, she'd accepted his assistance in the search for her daughter. Did she dare submit to the beguiling comfort of his embrace?

Extra-grammatical morphology is a hitherto

neglected area of research, highly marginalised because of its irregularity and unpredictability. Yet many neologisms in English are formed by means of extra-grammatical mechanisms, such as abbreviation, blending and reduplication, which therefore deserve both greater attention and more systematic study. This book analyses such phenomena.

A Human Touch
Macmillan
Unmarried, thirty-year-old Sophy Metcalfe told a

little white he to soothe her nagging mother. The white lies name was "Dominic," the ideal boyfriend: charming, successful, the kind of prospective son-in-law that would make any mother proud. But now that Sophy's thin and beautiful sister, Belinda, is getting married, Dominic is going to have to make an appearance in the flesh -- which should be a pretty neat trick ... since the genuine article vanished from Sophy's life after a single, singularly unmemorable evening. So

she resorts to a very drastic measure -- aka Josh Carmichael, the escort she hires at the very last minute, sight unseen. But the trouble with white lies is that they tend to multiply. The trouble with rugged, too-sexy, and independent Josh is ... well, that

Sophy's actually beginning to like him! Even if they make it through the Wedding Day from Hell together -- with its new intrigues, old flames, and all-too-familiar faces -- there's the night that follows... and, of course, the morning after. And that

could end up being the biggest trouble of all! A hip, witty, and freshly fantastic delight, Asking for Trouble is the most hilarious and knowing novel to make the scene since Bridget Jones first set pen to paper to record her most intimate innermost thoughts.
