HOBBS CIERRA	

Miaka Hamsini ya Kiswahili Nchini Kenya Psychology Press

This massive authoritative Swahili dictionary, is the most definitive and comprehensive in existence. It has taken a team of lexicographers and academics fourteen years to prepare, with the support of the Institute of Kiswahili Research in Dar es Salaam. The last comparable edition was in 1939, and was primarily intended to help the user to comprehend English texts. The dictionary records new words and meanings of words which the language has acquired since 1939; and provides lexicographical information needed by current dictionary users. There are more than 50,000 entries, with an attempt to give every English word an equivalent in Swahili, or otherwise a phrase; and the vocabulary covers both general and specialized language. Guidance is provided on use and connotation, word formation and syntax, and derivatives and compounds of a headword are explicitly shown in each entry. The full information and arrangement given for each entry is: headword, homographs, wordclass, alternative spelling of a headword, cross-reference, gloss, definition, subject label, usage label, regional label, senses separated by numbers, illustrative examples, compounds, derivatives, and adjectival complementation.

Natala Taasisi YA Uchunguzi Wa Kiswahili Chuo Kikuu

This book is a thorough revision of the highly successful text first published in 1994. The authors retain the multidisciplinary approach that presents research from linguistics, sociology, psychology, and education, in a format designed for use in an introductory course for undergraduate or graduate students. The research is updated throughout and there are new sections and chapters in this second edition as well. New chapters cover child language acquisition (first and second), Universal Grammar, and instructed language learning; new sections address issues, such as what data analysis doesn't show, replication of research findings, interlanguage transfer (multilingual acquisition and transfer), the aspect hypothesis, general nativism, connectionist approaches, and implicit/explicit knowledge. Major updates include nonlanguage influences and the lexicon. The workbook, Second Language Learning Data Analysis, Second Edition, makes an ideal accompaniment to the text.

Swahili and Sabaki Walter de Gruyter

On theoretical considerations in the learning of Swahili and other African languages.

Meaning in Language Taasisi YA Uchunguzi Wa Kiswahili Chuo Kikuu

On the Swahili language in the 21st century.

Second Language Acquisition Univ of California Press

On analysis and usage of Swahili grammar.

Egerton Journal Cambridge Scholars Publishing

The Sabaki languages form a major Bantu subgroup and are spoken by 35 million East Africans in Somalia, Kenya, Tanzania, Mozambique, and the Comoro Islands. The authors provide a historical/comparative treatment of Swahili (and other Sabaki languages), an account of the relationship of Swahili to Sabaki and to other Bantu languages, and some data on contemporary Sabaki languages. Data sets, appendices, maps, and figures present essential information on phonology, lexical makeup, and tense/aspect morphology. The final chapter is a synthesis describing the linguistic and historical relationship of the Sabaki dialects to each other and to hypothetical proto-stages.

Language, Meaning and Context SAGE

In 1870s London, a young orphan girl becomes the apprentice to a man who traps monsters for a living.

Sarufi ya kiswahili Taasisi YA Uchunguzi Wa Kiswahili Chuo Kikuu

On various hypotheses on Swahili lexicography and its history.

Kamusi ya fasihi Routledge

This is a highly recommendable book. It elegantly introduces generative grammar as an empirical science. Written in a clear and friendly tone, it is extremely readable and makes complicated linguistic theory accessible to students' - Ken Ramshøj Christensen, Aarhus University, Denmark This clear and practical introduction to Syntactic Theory introduces students to theory building, hypothesis testing and evaluation through the framework of Chomsky's Government-Binding Theory. Initial chapters guide the student through essential topics such as X'-Theory, Transformations and elementary Binding Theory, progressing to cover more advanced issues such as Reconstruction, the light verb vP and control as movement. Presenting the core linguistic theory and problem solving skills that are essential to the subject, this updated and revised second edition features: • New material on the Minimalist Program and Government-Binding Theory • Expanded chapters on Phrase Structure and Functional Categories • A wealth of new tree diagrams as well as revised end-of-chapter exercises The liberal use of in-text exercises engage the reader at every stage of theory-development, while an 'Open Issue' at the end of each chapter encourages active participation and further exploration of the chapter's topic. With an engaging, informal style, Syntactic Theory makes the most difficult topics accessible to a wide range of students. Clear, practical and accessible, Syntactic Theory introduces students to theory building and evaluation through Government-Binding Theory. Now fully updated, this second edition features new chapters on the Minimalist Program, expanded chapters on Phrase Structure and Functional Categories and extensively

revised end-of-chapter exercises.

Semantics Houghton Mifflin Harcourt

A comprehensive introduction to the ways in which meaning is conveyed in language. Alan Cruse covers semantic matters, but also deals with topics that are usually considered to fall under pragmatics. A major aim is to highlight the richness and subtlety of meaning phenomena, rather than to expound any particular theory. Rich in examples and exercises, Meaning in Language provides an invaluable descriptive approach to this area of linguistics for undergraduates and postgraduates alike.

Kamusi Ya Kiingereza-Kiswahili Taasisi YA Uchunguzi Wa Kiswahili Chuo Kikuu

Interpreting in Interaction provides an account of interpreter-mediated communication, exploring the responsibilities of the interpreter and the expectations of both the interpreter and of other participants involved in the interaction. The book examines ways of understanding the distribution of responsibility of content and the progression of talk in interpreter-mediated institutional face-to-face encounters in the community interpreting context. Bringing attention to discursive and social practices prominent in modern society but largely unexplored in the existing literature, the book describes and explains real-life interpreter-mediated conversations as documented in various public institutions, such as hospitals and police stations. The data show that the interpreter's prescribed role as a non-participating, non-person does not -and cannot - always hold true. The book convincingly argues that this in one sense exceptional form of communication can be used as a magnifying glass in the grounded study of face-to-face institutional interaction more generally. Cecilia Wadensjö explains and applies a Bakhtinian dialogic theory of language and mind, and offers an alternative understanding of the interpreter's task, as one consisting of translating and co-ordinating, and of the interpreter as an engaged actor solving problems of translatability and problems of mutual understanding in situated social interactions. Teachers and students of translation and interpretation studies, including sign language interpreting, applied linguistics and sociolinguistics will welcome this text. Students and professionals within law, medicine and education will also find the study useful to help them understand the role of the interpreter within these frameworks.

Meaning and Relevance Fontana Press

A dictionary of composition writing.

Your Research Project New Age International

On Swahili grammar and syntax for secondary schools and universities.

LOITASA Research in Progress Institute of Kiswahili Research University of Dar Es Salaam

With a calming, reassuring tone, Nicholas Walliman gives you the ability and confidence to plan, design, and prepare for your research project. The new edition of this bestselling book will help you: - Explain research theory within the context of your own project - Curate, structure, and format your literature review - Anticipate the challenges of social media and web-based research - Apply 'how to' tips quickly to your own research planning and design - Monitor your progress in the field with checklists - Develop writing habits to use as a springboard for dissertations, reports, and articles - Build a foundation of practical, general research skills like time management, organization, and critical thinking to carry you beyond your project. New to the 4th Edition: - New step-by-step chapter on how to write a successful research proposal - New chapter 'Writing Strategies' offers guidelines for different assignments to help carry students beyond their research proposal - More 'How To' examples of literature reviews, proposals and ethics applications - Expanded coverage of literature review strategies - more emphasis on accessing on-line resources and use of the internet - Enhanced checklists of issues for consideration or tasks students should undertake in order to progress their work - More information surrounding online and social media research and implications on information sourcing, ethics, and methods - Increased coverage of the research methods section to include more practical support and additional information on mixed-methods - Further stresses the importance of avoiding plagiarism with an expanded section on this topic.

Kiswahili in the 21st century Routledge

Social linguistics, foundations and composition diversity.

Interpreting As Interaction Oxford University Press, USA

Katz (English, North Carolina State U.) examines the correlation between Reader Response Criticism and the philosophy of science engendered by the Copenhagen School of New Physics, and assesses the scientific empiricism that controls the parameters of reading and writing theory to look at the possibility of teaching reading and writing as "rhetorical music." He reinterprets Cicero's rhetorical theory in light of recent revisionist scholarship, and sketches a temporal model of affective response in reading and writing. Annotation copyright by Book News, Inc., Portland, OR

Discourse and the Translator Cambridge University Press

Papers presented at the National Seminars of Swahili Writers, 1978 and 1980, Dar es Salam, Tanzania.

Culture and Media African Books Collective

Indian ecocriticism has not yet adequately demonstrated the applicability of ecological/deep ecological/tinai principles to visual texts. Culture and Media: Ecocritical Explorations closes this gap at the most opportune moment. Though this volume accommodates ecologically oriented interpretations from several cultures across the world, it reserves the centre stage for Indian ecocriticism and ecotheory quite appropriately. The volume effectively challenges the major documents on ecocriticism and theory (published by international presses), which have been reluctant to give

space to tinai criticism and theory that transcend Dravidian or Tamil boundaries. The day is not far when cinema of the world, shaped by tinai theory, will employ tinai hermeneutics to gain fresh insight, which, in turn, will feed into the processes of creation and production of relevant and great movies.
