A new collection of stories by Alice Munro is always a major event. This new collection — her most personal to date — is no exception. Alice Munro's stories are always wonderful and so ingrained with truths about life that readers always want

to know where they came from. In this book, Alice Munro tells us. In her Foreword (an unusual feature in itself), she explains how she, born Alice Laidlaw in Ontario, in recent years became interested in the history of her Laidlaw ancestors. Starting in the wilds of the Scottish Borders, she learned a great deal about a famous ancestor, born around 1700, who, as his tombstone records, "for feats of frolic, agility and strength, had no equal in his day." She traced the family's history with the help of that man's nephew, the famous writer James Hogg, finding to her delight that each generation of the family had produced a writer who wanted to record what had befallen them. In this way, she was able to follow the family's voyage to Canada in 1818, and their hard times as pioneers — once a father dies on the same day that a daughter is born in the same frontier cabin. "I put all this material together over the years," Alice tells us, "and almost without my noticing what was happening, it began to shape itself, here and there, into something almost like stories. Some of the characters gave themselves to me in their own words, others rose out of their situations." As the

book goes down through the generations, we come to Robert Laidlaw, Alice's father, and then, at the book's heart, the stories become first-person stories, set during her lifetime. So is this a memoir? No. She drew on personal experiences, "but then I did anything I wanted to with this material, because the chief thing I was doing was making a story." The resulting collection of stories range from the title story — where through a haze of whiskey Alice's ancestors gaze north from Edinburgh Castle at the Fife coast, believing that it is North America — all the way to the final story, where we travel with "Alice Munro" today. In the author's words, these stories "pay more attention to the truth of a life than fiction usually does. But not enough to swear on." All of them are Alice Munro stories. There could be no higher praise. [Dating by the Book](#) Macmillan

MCCRACKEN Recommended by New York Times Book Review • USA Today • Glamour • Business Insider • Popsugar • CrimeReads • The Millions • BookRiot • and more! Set in a wealthy Parisian suburb, an emotionally riveting debut told from the point of view of six women, and centered around a group of au pairs, one of whom is arrested after a sudden and suspicious tragedy strikes her host family—a dramatic exploration of identity, class, and caregiving from a profoundly talented new writer. Paris, 2015. A crowd gathers outside the Chauvet home in the affluent suburban community of Maisons-Larue, watching as the family's American au pair is led away in handcuffs after the sudden death of her young charge. The grieving mother believes the caretaker is to blame, and the neighborhood is thrown into chaos, unsure who is at fault—the enigmatic, young foreigner or the mother herself, who has never seemed an active participant in the lives of her children. The truth lies with six women: Géraldine, a heartbroken French teacher struggling to support her vulnerable young students; Lou, an incompetent au pair who was recently fired by the family next door;

Charlotte, a chilly socialite and reluctant mother; Nathalie, an isolated French teenager desperate for her mother's attention; Holly, a socially anxious au pair yearning to belong in her adopted country; and finally, Alena, the one accused of the crime, who has gone to great lengths to avoid emotional connection, and now finds herself caught in the turbulent power dynamics of her host family's household. Set during the weeks leading up to the event, *The Caretakers* is a poignant and suspenseful drama featuring complicated women. It's a sensitive exploration of the weight of secrets, the pressures of country, community, and family—and miscommunications and misunderstandings that can have fatal consequences. "A deep, enthralling pleasure, as wise as it is lovely. I read it voraciously, desperate to discover the fates of its unforgettable characters . . . Magnificent." – ROBIN WASSERMAN

 If V. C. Andrews and Kate Morton had a literary love child, Emma Rous' USA Today bestseller *The Au Pair* would be it. One of the most anticipated books of 2019 from Pop Sugar, Bustle, Cosmo, Parade, and

Goodreads! Seraphine Mayes and her twin brother, Danny, were born in the middle of summer at their family's estate on the Norfolk coast. Within hours of their birth, their mother threw herself from the cliffs, the au pair fled, and the village thrilled with whispers of dark cloaks, changelings, and the aloof couple who drew a young nanny into their inner circle. Now an adult, Seraphine mourns the recent death of her father. While going through his belongings, she uncovers a family photograph that raises dangerous questions. It was taken on the day the twins were born, and in the photo, their mother, surrounded by her husband and her young son, is smiling serenely and holding just one baby. Who is the child, and what really happened that day?

 A New York Times Notable Book of the Year Winner of the Somerset Maugham Award *The Country Life*, Rachel Cusk's third novel, is a rich and subtle story about embarrassment, awkwardness, and being alone; about families, or the lack of them; and about love in some peculiar guises. "A brilliant oxymoron—a serious farce . . . Cusk's ability to keep us interested in

innumerable human collisions is uncanny.” —The New Yorker Stella Benson sets off for Hilltop, a tiny Sussex village housing a family that is somewhat larger-than-life. Her hopes for the Maddens may be high, but her station among them—as au pair to their irascible son, Martin—is undeniably low. What could possibly have driven her to leave her home, job, and life in London for such rural ignominy? Why has she severed all contact with her parents? And why is she so reluctant to talk about her past?

The World Book Encyclopedia Abrams
 A "marvelous" (Lauren Groff) and "gentle, mysterious and profound" (Marina Abramović) novel about a woman who has come undone. A student moves to the city to research Gothic nudes, renting an apartment from a painter, Agnes, who lives in another town with her husband. One day, Agnes arrives in the city and settles into the upstairs studio. In their meetings on the stairs, in the studio, at the corner café, the kitchen at dawn, Agnes tells stories of her youth, her family, her marriage, and ideas for her art - which is always just about to be created. As the months pass, it becomes clear that Agnes might not have a place to return to. The student is increasingly aware of Agnes's disintegration. Her stories are frenetic; her art scattered and unfinished, white paint

on a white canvas. What emerges is the menacing sense that every life is always at the edge of disaster, no matter its seeming stability. Alongside the research into human figures, the student is learning, from a cool distance, about the narrow divide between happiness and resentment, creativity and madness, contentment and chaos. *White on White* is a sharp exploration of empathy and cruelty, and the stunning discovery of what it means to be truly vulnerable, and laid bare.

The award-winning novel of a young American girl in France—hailed as “an impressive debut” that is “written with quiet, lyric forcefulness” (Elle). If you were to ask managers and executives where they get the most influential and effective developmental training, the answer you're likely to get is "on the job." Too often, those same managers and executives discount what can be learned from experiences outside of work. CCL research demonstrates that activities that take place outside of the regular workday contribute to a leader's effectiveness as a manager. This guidebook shows how to see those activities as opportunities for developing key leadership skills in such areas as interpersonal relations, communication, collaboration, and flexibility.
